IMPRISONED MEN ARE RESCUED

Taken From Shaft After Thirty-one Hours in Water.

ONE SEIZED WITH CRAMPS

All Are Lifted to Surface Amid Wild Excitement, None the Worse for Experience, Except Weakened From Hunger.

Eveleth, Minn., July 18.—The five men entrapped in the Spruce mine by the rush of water after a cloudburst were brought to the surface after having stood shoulder deep in water for thirty-one hours. Wild excitement prevailed about the mine as they were taken out.

None was the worse for the experience, apparently, except for the enforced fast.

The men are Joseph Puloz, Baptista Serosini, Gino Domenici, John Soep, Nick Carenich. All are foreigners and unable to speak English.

The only demonstration on their part was by John Soep, who clapped his hands on realizing he was safe.

The five, with the ten who were rescued previously, retreated up the level, and when the water became knee high they separated.

When the rescue crew had blasted to within forty feet of them they could hear faint sounds of the operations. This gave them renewed courage.

Several times in the night they feared that Joseph Puloz would be unable to stand the strain, as he was seized with cramps.

His companions held him until the attack passed. All suffered from the cold water.

As the rescuers approached chunks of earth began to fall, a result of the blasting, and added to their danger. Finally a drill penetrated to them and a four-inch pipe inserted in the hole gave them air.

Rappings on the pipe at 4:30 p. m. were the first indications received since last night that they still were alive, and the rescuers, who were blasting through from shaft No. 1, went to work with renewed vigor.

As the rescuers broke through to them the half-drowned men seized picks and shovels, and although hampered by the water, managed to give some assistance in making an opening through which they crawled, one by one, into the arms of their friends.

As they were brought to the surface, the crowd broke through the police cordon. They were helped from the lift and carried away by hundreds of cheering men and women.

Mine officials have the pumps at work and are slowly gaining on the water in the levels, but it is believed it will be several weeks before the mine can be operated.

FROST WILL BE VITAL FACTOR

Size of Crop Depends on Early or Late Fall.

Fargo, N. D., July 18.—The difference between a half and a two-thirds crop in North Dakota this year will be largely dependent on whether there is an early or late fall. Should there be an early frost the immense acreage of late grain will suffer and the yield for the state will not exceed half that of 1912. If the late grain could mature, the chances are that North Dakota would raise a two-thirds crop.

There have been few years in the history of the state where the fall conditions were of such great importance as they will be this fall. This is due to the fact that, outside the Red River valley, little fall plowing was done and the crop was from five to fifteen days late over the state. Lack of precipitation earlier in the season prevented the late grain from advancing rapidly.

Later rains have been timely and sufficient practically to insure the crop if it has time for maturity. Late wheat, oats and barley are all looking exceptionally well and are full of promise if Jack Frost is tardy. In many sections of the state there is already all the moisture that will be needed.

RUMANIANS NEAR SOFIA

Inlanders Within Thirty Miles of Bulgarian Capital.

London, July 18.—Rumanian troops are at Plevna and Mesedra, the latter town within thirty miles of Sofia, and King Ferdinand of Bulgaria is suppliant to the king of Rumania for terms of peace.

It is understood that the powers are striving to induce Rumania not to occupy Sofia, and are urging Bulgaria to appoint a delegate to confer with the Serbian and Greek premiers.

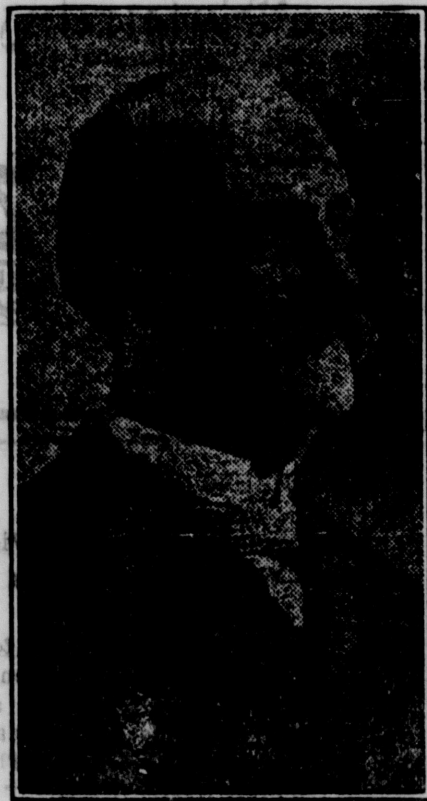

'CHANGE SEATS STILL SLUMP

One Is Sold for \$37,000, \$1,000 Less Than Last Sale Previously.

New York, July 18.—A seat on the New York stock exchange sold for \$37,000, \$1,000 less than the last sale made a few days ago, which was the lowest in recent years.

AUGUSTUS O. BACON.

First Senator Elected by Popular Ballot.

The provisions of the new seventh constitutional amendment were put into practice July 15, when the voters of Georgia cast direct ballots to elect a United States senator. Senator Bacon was unopposed and has the distinction of being the first senator to be elected by popular ballot.

DEADLOCK POSSIBLE IN WAGE DISPUTE

Road Heads Will Hear Seth Low's Argument.

New York, July 18.—The 80,000 trainmen and conductors who threaten a strike against the Eastern railroads will not agree under any circumstances to have the road's grievances arbitrated at the same time as the men's demands for better wages under the Newlands amendment to the Erdman act, according to a statement issued by W. G. Lee and A. G. Garrettson, presidents respectively of the trainmen's and conductors' brotherhoods.

Mr. Lee, in a verbal statement supplementing the formal one, declared that if the railroads persist in their present stand to have their own grievances arbitrated it is absolutely certain that a strike will follow.

The formal statement of the trainmen was sent as a letter to Elisha Lee, chairman of the conference committee of managers. It was prepared as a result of the meeting of the trainmen's committee of 100, held to consider the announcement of the roads that they intend to have "all questions" incorporated in the agreement to arbitrate.

The employees' position as announced brought about a deadlock. The roads, however, while insisting that their demand is an equitable one, have agreed to meet Seth Low, president of the National Civic federation, who has interested himself in the men's behalf, and hear his presentation of reasons why the railroad representatives should yield the point. Mr. Low will be heard by the conference committee.

The trainmen declare in their letter that the railroads in insisting upon arbitration of their own grievances at this time could have selected no surer way of driving the men from the service.

The sincerity of the roads is questioned by the employees, who point out that prior to the mediation conference with the president last Monday no intimation was given by the roads that they purposed to air their demands before the federal arbitration body. The present attitude of the roads is characterized in the letter as a "flagrant violation of faith."

HEAT CLAIMS NINE MORE

Death Toll in Omaha From Torrid Wave Increases to Eleven.

Omaha, Neb., July 18.—Nine deaths were reported from Wednesday's heat in Omaha. Six prostrations were reported late in the day, two of which may result fatally. The year's record was shaded when the mercury reached 104. Eleven deaths have occurred since the present heat wave swept the city Sunday.

RISK AGENTS ARE POISONED

Sixty at Northwestern Mutual Convention in Milwaukee Are Ill.

Milwaukee, July 18.—Many of the life insurance agents who attended the annual convention of agents of the Northwestern Mutual Life Insurance company have been suffering with ptomaine poisoning. About sixty are ill. None is in serious condition.

Five Deaths in St. Louis.

St. Louis, July 18.—Five deaths were ascribed to heat here. The government thermometer read 101 degrees in the shade at 4 p. m., the highest temperature of the year. Besides the fatal prostrations, six other heat victims are in local hospitals in serious condition.

CURTAILING THE SPEAKER'S POWER

House Gavel Wielder No Longer An Object of Fear.

HE LOSES RIGHT TO PUNISH.

Much That Is Being Brought Out in the Current Investigation Is Already Ancient History—President Wilson Needs More Room For His Official Family and Gets It.

By ARTHUR W. DUNN.

Washington, July 18.—[Special.]—The Democratic method of appointing committees is not the best way if every speaker is fair. The old way brought about better results, but it also brought punishments for men who "bucked" the "house management" or who displeased the speaker. Many good men have been deposed from good committees because they had incurred the ill will of the speaker or had been "insurgents" against the "powers" in the house.

All this will be brought out in the coming sweeping investigations. It will not amount to very much. It will show that speakers are human; that they form committees to kill measures they do not want passed and to promote those they want put through. But this very thing has finally resulted in shearing the speaker of his power in the house. It has taken away from him the power to punish as well as to promote. And as the investigation proceeds the members of congress will be more and more impressed with the belief that the change must be permanent.

A Lot of Ancient History.

These investigations have produced more ancient history, most of it unimportant, than anything that has been attempted in a long time. The determination of congress to prove itself and its members beyond the reach of corrupt means and methods has induced them to provide a dragnet so wide and so deep that everything that ever happened can be drawn up in it and pawed over and discussed. It does not seem to matter that most of the events have been known, commented upon and laid aside. The fact that a congressional committee digs them up seems to give them a passing interest.

More White House Rooms.

President Wilson has found it necessary to have more rooms provided in the White House. Up to the time Roosevelt became president the White House accommodated the family of the president and also the executive offices. Now the executive offices are well filled with employees, and the White House, purely as a residential proposition, seems not quite large enough for the president, his family and guests. However, the changes which Mr. Wilson is having made simply utilizes space heretofore unoccupied or used for storerooms.

Shafroth's Early Recollections.

"When I first came to Washington as a member elect of the house of representatives," said Senator Shafroth of Colorado, "a newspaper man did me a great favor. He told me that when I had a bill pending, no matter what stage it was in, to keep everlastingly behind it or it might get lost. By following his advice I was able to pass a very important bill before I really became a member of the house."

Stays on the Job.

Congressman Austin does not go home during the long recesses of the house. "As long as congress is in session, if only nominally part of the time," said the Tennessee member, "I prefer to remain here. My constituents have a habit of dropping into Washington with something they want done, and they want their member to look after them. I can do better work for them here than if I was home."

"Acting President."

There is never any "acting president." But every time a president is out of the city the statement is made that some cabinet member is "acting president." The constitution provides that the vice president shall become president when the president dies or is incapacitated, but there is no provision for any person to act when the president is away from Washington. Moreover, the president always attends to all necessary duties, even if he is away from the capital.

Ought to Be Effective.

If that resolution under which the house is investigating lobbies is not complete it is not the fault of consideration. It was considered at some length before going to the committee on rules. That committee had two or three days with it and then the house debated and amended it for two days before passing it. If anything was omitted or any loophole left it was not because it lacked deliberate and careful consideration. And the impression is that nothing will be allowed to escape the investigators.

The President's Influence.

People believe that the influence of the president will avert a great and costly strike. Nearly everybody can remember that in 1902 the intervention of Roosevelt stopped a most disastrous strike in the coal fields and gave the people coal for the winter. When a president takes a hand in any great controversy involving a conflict between capital and labor there is an inclination to give heed to his efforts.

A Conundrum.

What is that which is always found in place, yet always out of order? The letter "c."

C. E. LITTLEFIELD.

Mulhall Says \$500 Bribe Was Paid to Elect Him.

In his testimony before the senate lobby investigators Colonel Mulhall of Baltimore told of the part played by him for the N. A. M. in campaigns in Pennsylvania, New York and Maine. In the fight in Maine for the re-election of Representative Charles E. Littlefield he said he had bribed Dr. G. L. Crockett, a prominent Democratic orator, with \$500 to speak against Samuel Gompers and in favor of Mr. Littlefield.

OMAHA MAN IS SLAIN NEAR MANDAN

Body of W. H. Parkhurst Found in Missouri River.

Mandan, N. D., July 18.—D. H. Parkhurst, wealthy Omaha business man, who came here a month ago to live with his daughter, Mrs. J. J. Pollard, was shot through the lungs and killed and then thrown into the Missouri river some time last week. The nude body recovered from the river thirty-five miles south of Mandan was identified as Parkhurst's by his son-in-law.

A post mortem examination showed that the wound in the chest caused death. A coroner's jury returned a verdict that Parkhurst was murdered. Albert Swenlasky, a maniac, was taken in charge near the place where Parkhurst was last seen the day after his disappearance. Swenlasky was sent to Duluth. The authorities believe he may be connected with the crime.

Parkhurst, who was seventy-two years old, disappeared once before and was found on the prairie entirely nude. He was returned to his daughter's home. He disappeared again July 7. The next day he was seen north of the city.

Parkhurst had no money with him and no valuables except a gold watch.

LINEMAN IS ELECTROCUTED

Live Wire Shock Fatal to William Esler at Jamestown.

Jamestown, N. D., July 18.—William Esler, lineman for the Northwestern Telephone company of Jamestown, while repairing a broken telephone wire, received an electric shock, causing him to fall to the ground. He died at a local hospital, death being due to the electric shock. The broken wire was hanging over one of the electric wires with the end lying on the ground. Shortly before the accident Frank Helmsworth stepped upon the live wire and was thrown to the ground but not injured.

M'REYNOLDS TO PURSUE TRUSTS

REVEALS INSIDE OF GRAFT

Becker's Agent Said to Have Told Details of System.

New York, July 18.—The police graft situation was brought to the front again when Charles B. Platt, Jr., who was the so called press agent of former Police Lieutenant Charles Becker, submitted to District Attorney Whitman a five-page typewritten statement reputed to be a confession of facts relating to the alliance between the police "system" and the underworld. Mr. Whitman assigned one of his assistants to tally with Platt, who is under indictment on a perjury charge, with a view to determining if Platt's statement is worthy a grand jury investigation.

Platt's "squel" is reported to contain the information long sought by the prosecutor. An inspector, a civilian attaché at police headquarters and several minor officials are said to be mentioned in Platt's statement.

This statement is declared to tell of alleged participation in graft by Becker, who is now under sentence of death at Sing Sing for the murder of the gambler, Herman Rosenthal, a year ago.

SPEEDY WEDDING.

Orange, Va., July 18.—"Going some" was the verdict of Baltimore society when it heard that Dr. Chauncey E. Dovell and Miss Estelle Eddins were married in an automobile going fifty miles an hour.

JULY FROST IN GALLATIN

First Reported in That Section Since 1882.

Bozeman, Mont., July 18.—The first July frost recorded in the Gallatin valley since 1882, according to the government reports, occurred recently when the thermometer registered slightly under 32 degrees and vegetation was frosted generally. The damage to crops, so far as any well authenticated reports go, was not serious. The crop to suffer most seems to have been seed peas. Winter wheat is at a critical stage for frost and some damage may have been done to that.

EARTHQUAKE IN NICARAGUA

Shocks of More or Less Violence Continue in Country.

San Juan del Sur, Nicaragua, July 18.—Earth shocks of more or less violence continue in Nicaragua, principally in the departments of Masaya and Masaya. In Masaya several houses have been destroyed. Santiago volcano is active.

GRAIN AND PROVISION PRICES

Duluth Wheat and Flax.
Duluth, July 18.—Wheat—On track and to arrive, No. 1 hard, 91½¢; No. 1 Northern, 90½¢; No. 2 Northern, 88½¢; @88½¢; Sept., 90½¢; Dec., 92½¢.
Flax—On track and to arrive, 1.32½¢; July, 1.38½¢; Sept., 1.40½¢; Oct., 1.40½¢.

South St. Paul Live Stock.
South St. Paul, July 18.—Cattle—Steers, \$6.50@8.25; cows and heifers, \$4.50@7.10; calves, \$6.00@10.25; feeders, \$4.30@7.25. Hogs—\$8.60@9.05. Sheep—Shorn lambs, \$5.00@9.00; shorn wethers, \$4.50@4.75; shorn ewes, \$2.00@4.75.

St. Paul Hay.

St. Paul, July 18.—Hay—Choice timothy, \$18.00; No. 1 timothy, \$16.50@17.25; No. 1 clover mixed, \$12.00@12.75; No. 1 mixed, \$12.50@13.25; choice upland, \$14.00; No. 1 upland, \$12.50@13.25; No. 1 midland, \$9.00@9.75; No. 2 alfalfa, \$12.00@12.75.

Chicago Grain and Provisions.

Chicago, July 18.—Wheat—July, 85½¢@85½¢; Sept., 86½¢; Dec., 90¼¢; Corn—July, 60¼¢; Sept., 61¼¢; Dec., 58¼¢. Oats—July, 38¼¢; Sept., 39¼¢; Dec., 41¼¢. Pork—July, \$22.00; Sept., \$21.25. Butter—Creameries, 25¢@26¢. Eggs—16c. Poultry—Chickens, 15½¢; springs, 19c; turkeys, 19c.

Chicago Live Stock.

Chicago, July 18.—Cattle—Beeves, \$7.10@9.15; Texas steers, \$7.00@8.00; Western steers, \$7.15@8.20; stockers and feeders, \$5.60@7.90; cows and heifers, \$3.80@8.50; calves, \$8.50@11.25. Hogs—Light, \$9.50@9.47½¢; mixed, \$8.85@9.45; heavy, \$8.60@9.35; rough, \$8.00@8.80; pigs, \$7.50@9.15. Sheep—Native, \$4.25@5.20; yearlings, \$5.50@7.00; lambs, \$6.00@8.20.

Minneapolis Grain.

Minneapolis, July 18.—Wheat—July, 87¼¢; Sept., 89¼¢; Dec., 92¼¢. Cash close on track: No. 1 hard, 91½¢; No. 1 Northern, 89½¢@90½¢; to arrive, 89¢@90½¢; No. 2 Northern, 87½¢@88½¢; No. 3 Northern, 85½¢@86½¢; No. 3 yellow corn, 58¢@58¼¢; No. 4 corn, 55¢@57¢; No. 3 white oats, 36¼¢@37¢; to arrive, 36¢; No. 3 oats, 34¼¢@35¼¢; barley, 42¢@54¢; flax, 1.37½¢; to arrive, 1.36¢.

Is Studying the Dissolution Plans.

STANDARD OIL AND TOBACCO

Attorney General Delving Into Senator Cummins' Bill and Reports of Government Attorneys in Oil Case. Independents Support Proposed Law.

Washington, July 18.—Attorney General McReynolds is still considering the dissolutions of the Standard Oil and tobacco trusts to determine whether further steps should be taken by the federal government to promote real and free competition, which, it is alleged, does not exist in those industries.

In the tobacco case the attorney general is giving thought to the bill introduced by Senator Cummins directing the department of justice to appeal to the supreme court from the decree of dissolution entered by the circuit court for the southern district of New York Nov. 16, 1911, and also authorizing independent tobacco manufacturers and others to intervene in the case to object to the decree.

F. H. Levy, who represented the independents when they successfully sought to intervene before the final entry of the decree, has filed with the department a digest of the situation and an argument in favor of the legality of the proposed law. This is now under consideration, and the attorney general is expected to give his opinion to the senate committee on judiciary, to which the Cummins bill has been referred.

Some intricate questions of law officials of the department of justice point out, are involved in the Cummins measure.

In the Standard Oil case the attorney general is continuing his study of the report of Charles B. Morrison and Oliver E. Pagan, the government attorneys who investigated the question whether the decree of dissolution is being violated. A conclusion has not yet been reached. The oil interests maintain they are complying with the decree.

While the supreme court decided both cases, the decree in neither reached the highest tribunal. Attorney General McReynolds' principal complaint against the decrees revolves about the pro rata distribution of stock among the same stockholders who controlled the original combinations.

AGED WOMAN IN SUICIDE PACT

Partner in Act an Invalid Young Man.

San Jose, Cal., July 18.—After feeding Mrs. Olive J. Smith, eighty-six years old, a drug for seventy-two hours, and writing down the story of her lingering death, Stephen Mastick, a tubercular invalid, threw himself into a shallow lake at Monterey. The body of the woman was found first and searchers later discovered Mastick's corpse in the lake.

Letters signed by the pair said that they had arranged a suicide pact and told of a celebration of their intentions in Monterey last Friday, when they had ice cream, pie and milk.

The woman has been supporting Mastick on a \$12 monthly pension for several months. Mastick was twenty-nine years old.

FORTY DIE IN SULPHUR PIT

Mine in Sicily Catches Fire and Doomed Men Struggle to Escape.

Palermo, Sicily, July 18.—A sulphur mine near Castel Termini caught fire while many miners were at work. There was a terrible struggle to escape from the deadly fumes, and it is estimated that forty of the men were killed.

DO NOT WANT JACK JOHNSON

Theater Manager Says He Would Be Hissed Off Stage.

London, July 18.—Jack Johnson, the American negro pugilist, has tried to obtain an engagement at the London opera house, but the management declined his offers, saying that he certainly would be hissed off any London stage.

HEAT KILLS THREE IN KANSAS

Hutchinson Reports Temperature of 111 Degrees and Marysville 110.

Kansas City, Mo., July 18.—Slightly lower temperatures for Northern Kansas were indicated by weather reports. There was no rain in any part of the Southwest.

Mrs. James Gibson, sixty-five years old, died at her home in this city. At Leavenworth, where a temperature of 109 prevailed, Dr. John M. McCormick, eighty-eight years old, and Leonard Stadtholt, an infant, succumbed to the heat.

The heat center was Hutchinson, Kan., where a temperature of 111 degrees was recorded. At Marysville, Kan., the government thermometer registered 110 degrees.

In Kansas City the maximum temperature was 101 degrees.

IMPRISONED MEN
ARE RESCUED

Taken From Shaft After Thirty-one Hours in Water.

ONE SEIZED WITH CRAMPS

All Are Lifted to Surface Amid Wild Excitement, None the Worse for Experience, Except Weakened From Hunger.

Eveleth, Minn., July 18.—The five men entrapped in the Spruce mine by the rush of water after a cloudburst were brought to the surface after having stood shoulder deep in water for thirty-one hours. Wild excitement prevailed about the mine as they were taken out.

None was the worse for the experience, apparently, except for the enforced fast.

The men are Joseph Puloze, Baptist Serosini, Gina Donenici, John Soep, Nick Carenich. All are foreigners and unable to speak English.

The only demonstration on their part was by John Soep, who clapped his hands on realizing he was safe.

The five, with the ten who were rescued previously, retreated up the level, and when the water became knee high they separated.

When the rescue crew had blasted to within forty feet of them they could hear faint sounds of the operations. This gave them renewed courage.

Several times in the night they feared that Joseph Puloze would be unable to stand the strain, as he was seized with cramps.

His companions held him until the attack passed. All suffered from the cold water.

As the rescuers approached chunks of earth began to fall, a result of the blasting, and added to their danger. Finally a drill penetrated to them and a four-inch pipe inserted in the hole gave them air.

Rappings on the pipe at 4:30 p. m. were the first indications received since last night that they still were alive, and the rescuers, who were blasting through from shaft No. 1, went to work with renewed vigor.

As the rescuers broke through to them the half-drowned men seized picks and shovels, and although hampered by the water, managed to give some assistance in making an opening through which they crawled, one by one, into the arms of their friends.

As they were brought to the surface, the crowd broke through the police cordon. They were helped from the lift and carried away by hundreds of cheering men and women.

Mine officials have the pumps at work and are slowly gaining on the water in the levels, but it is believed it will be several weeks before the mine can be operated.

FROST WILL BE VITAL FACTOR

Size of Crop Depends on Early or Late Fall.

Fargo, N. D., July 18.—The difference between a half and a two-thirds crop in North Dakota this year will be largely dependent on whether there is an early or late fall. Should there be an early frost the immense acreage of late grain will suffer and the yield for the state will not exceed half that of 1912. If the fall should be like that of 1911, so the late grain could mature, the chances are that North Dakota would raise a two-thirds crop.

There have been few years in the history of the state where the fall conditions were of such great importance as they will be this fall. This is due to the fact that, outside the Red river valley, little fall plowing was done and the crop was from five to fifteen days late over the state. Lack of precipitation earlier in the season prevented the late grain from advancing rapidly.

Later rains have been timely and sufficient practically to insure the crop if it has time for maturity. Late wheat, oats and barley are all looking exceptionally well and are full of promise if Jack Frost is tardy. In many sections of the state there is already all the moisture that will be needed.

RUMANIANS NEAR SOFIA

Invaders Within Thirty Miles of Bulgarian Capital.

London, July 18.—Rumanian troops are at Plevna and Mesedra, the latter town within thirty miles of Sofia, and King Ferdinand of Bulgaria is suppliant to the king of Rumania for terms of peace.

It is understood that the powers are striving to induce Rumania not to occupy Sofia, and are urging Bulgaria to appoint a delegate to confer with the Serbian and Greek premiers.

'GHANGE SEATS STILL SLUMP

One Is Sold for \$37,000, \$1,000 Less Than Last Sale Previously.

New York, July 18.—A seat on the New York stock exchange sold for \$37,000, \$1,000 less than the last sale made a few days ago, which was the lowest in recent years.

AUGUSTUS O. BACON.

First Senator Elected by Popular Ballot.

MULHALL TELLS OF M'CLAVE

Relations With New Jersey Candidate Shown.

SENATOR REED SEEKS TRUTH

Stephenson and Hines' Agent Were Active for Judge Jenkins, According to "Lobbyist's Story—Jenkins Named as Friend of Brewery Interests.

Washington, July 18.—Martin M. Mulhall, late "lobbyist" for the National Association of Manufacturers, was cross-examined about the truth of his own correspondence for the first time since nearly a week ago he began to tell the senate investigating committee the story of his doings.

Senator Reed questioned Mulhall about his alleged relations with S. W. McClave in 1908, when McClave was candidate for congress in the Sixth New Jersey district against William Hughes.

Senator Reed announced that McClave had denied acquaintance with Mulhall and said he wanted to prove who was telling the truth, Mulhall or McClave.

Mulhall identified many letters from McClave to himself written in 1908, said he went to the Sixth district to help McClave fight Hughes and gave details of his work there. He said the National Association of Manufacturers furnished him with \$3,000 for this fight and that a man named "Barber" put up \$2,000 more. He told about taking McClave to lunch and dinner, about riding with him around in cabs on political tours and in other ways helping out in the fight.

"The last three days of the campaign McClave and I slept together," he declared.

The testimony about McClave was a climax to a rather sensational day. In five hours Mulhall identified hundreds of letters bringing in the names of dozens of the most prominent men in the Republican party in 1908 and speaking familiarly of making platforms, throwing influence to men for nomination to all sorts of offices, and of working to elect or defeat others for congress.

Mulhall wrote to Schwedman, secretary of the Manufacturers' association, July 1, 1908, telling of the difficulties in the campaign of former Representative Jenkins for re-election in the Eleventh Wisconsin district. He said Judge Jenkins told him \$15,000 would be needed and that "Mr. Casson and Mr. McKee" said that it would be impossible to make it "for less than \$18,000 or \$20,000."

"The brewery interests should be more interested in this fight than our association would be," the letter said, "for it was Judge Jenkins more than any one else that stood for what they wanted in Washington last winter when a great many of the others weakened and were willing to surrender to the temperance people."

Senator Stephenson was one of those picked out to help finance the Jenkins campaign.

Solon L. Perrin, whom Mulhall alleged was the agent in Superior of Edward Hines, was one of those referred to as personally directing Jenkins' campaign.

The witness identified a pamphlet issued in the fall of 1908, in which President Van Cleave of the N. A. M. announced "we saw that we would fall in Denver if we went there and so we kept out." The pamphlet contained an attack on William J. Bryan, then the Democratic presidential candidate.

TAYLOR GIRL SLUMBERS.

Ruthven, Ia., July 18.—Edith Taylor, the eighteen-year-old girl of near Terrill who slept nine days last January, is in another prolonged sleep. Sunday the girl, who is visiting friends here, complained of being tired and sleepy. She lay down for a nap, from which she has not yet been aroused. Physicians believe she is suffering from a peculiar affection of the nerves.

POLICE HEAD SEES ROBBERY

Prevented by Street Car Passengers From Shooting Youth.

St. Louis, July 18.—In broad daylight, within view of the president of the East St. Louis police board and only a block from the police headquarters of that city a well dressed youth broke the window of a jewelry store, put \$1,500 worth of diamonds in his pocket and escaped.

Harry B. Carson, the police commissioner who witnessed the robbery from the back platform of a passing street car, was prevented from shooting at the thief by passengers on the car. The youth disappeared into an alley.

CURTAILING THE
SPEAKER'S POWER

House Gavel Wielder No Longer An Object of Fear.

HE LOSES RIGHT TO PUNISH.

Much That Is Being Brought Out in the Current Investigation Is Already Ancient History—President Wilson Needs More Room For His Official Family and Gets It.

By ARTHUR W. DUNN.

Washington, July 18.—[Special.]—The Democratic method of appointing committees is not the best way if every speaker is fair. The old way brought about better results, but it also brought punishments for men who "bucked" the "house management" or who displeased the speaker. Many good men have been deposed from good committees because they had incurred the ill will of the speaker or had been "insurgents" against the "powers" in the house.

All this will be brought out in the coming sweeping investigations. It will not amount to very much. It will show that speakers are human; that they form committees to kill measures they do not want passed and to promote those they want put through. But this very thing has finally resulted in shearing the speaker of his power in the house. It has taken away from him the power to punish as well as to promote. And as the investigation proceeds the members of congress will be more and more impressed with the belief that the change must be permanent.

A Lot of Ancient History.

These investigations have produced more ancient history, most of it unimportant, than anything that has been attempted in a long time. The determination of congress to prove itself and its members beyond the reach of corrupt means and methods has induced them to provide a dragnet so wide and so deep that everything that ever happened can be drawn up in it and pawed over and discussed. It does not seem to matter that most of the events have been known, commented upon and laid aside. The fact that a congressional committee digs them up seems to give them a passing interest.

More White House Rooms.

President Wilson has found it necessary to have more rooms provided in the White House. Up to the time Roosevelt became president the White House accommodated the family of the president and also the executive offices. Now the executive offices are now filled with employees, and the White House, purely as a residential proposition, seems not quite large enough for the president, his family and guests. However, the changes which Mr. Wilson is having made simply utilizes space heretofore unoccupied or used for storerooms.

Shafroth's Early Recollections. "When I first came to Washington as a member elect of the house of representatives," said Senator Shafroth of Colorado, "a newspaper man did me a great favor. He told me that when I had a bill pending, no matter what stage it was in, to keep everlastingly behind it or it might get lost. By following his advice I was able to pass a very important bill before I really became a member of the house."

Stays on the Job.

Congressman Austin does not go home during the long recesses of the house. "As long as congress is in session, if only nominally part of the time," said the Tennessee member, "I prefer to remain here. My constituents have a habit of dropping in on Washington with something they want done, and they want their member to look after them. I can do better work for them here than if I was home."

"Acting President."

There is never any "acting president." But every time a president is out of the city the statement is made that some cabinet member is "acting president." The constitution provides that the vice president shall become president when the president dies or is incapacitated, but there is no provision for any person to act when the president is away from Washington. Moreover, the president always attends to all necessary duties, even if he is away from the capital.

Ought to Be Effective.

If that resolution under which the house is investigating lobbies is not complete it is not the fault of consideration. It was considered at some length before going to the committee on rules. That committee had two or three days with it and then the house debated and amended it for two days before passing it. If anything was omitted or any loophole left it was not because it lacked deliberate and careful consideration. And the impression is that nothing will be allowed to escape the investigators.

The President's Influence.

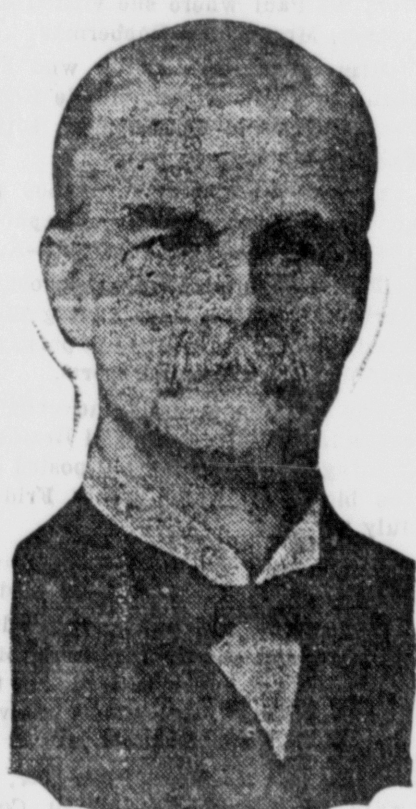

People believe that the influence of the president will avert a great and costly strike. Nearly everybody can remember that in 1902 the intervention of Roosevelt stopped a most disastrous strike in the coal fields and gave the people coal for the winter. When a president takes a hand in any great controversy involving a conflict between capital and labor there is an inclination to give heed to his efforts.

A Conundrum.

What is that which is always found in place, yet always out of order? The letter "c."

C. E. LITTLEFIELD.

Mulhall Says \$500 Bribe Was Paid to Elect Him.

In his testimony before the senate lobby investigators Colonel Mulhall of Baltimore told of the part played by him for the N. A. M. in campaigns in Pennsylvania, New York and Maine. In the fight in Maine for the re-election of Representative Charles E. Littlefield he said he had bribed Dr. G. L. Crockett, a prominent Democratic orator, with \$500 to speak against Samuel Gompers and in favor of Mr. Littlefield.

OMAHA MAN IS
SLAIN NEAR MANDAN

Body of W. H. Parkhurst Found in Missouri River.

Mandan, N. D., July 18.—D. H. Parkhurst, wealthy Omaha business man, who came here a month ago to live with his daughter, Mrs. J. J. Pollard, was shot through the lungs and killed and then thrown into the Missouri river some time last week. The nude body recovered from the river thirty-five miles south of Mandan was identified as Parkhurst's by his son-in-law.

A post mortem examination showed that the wound in the chest caused death. A coroner's jury returned a verdict that Parkhurst was murdered. Albert Swenlasky, a maniac, was taken in charge near the place where Parkhurst was last seen the day after his disappearance. Swenlasky was sent to Duluth. The authorities believe he may be connected with the crime.

Parkhurst, who was seventy-two years old, disappeared once before and was found on the prairie entirely nude. He was returned to his daughter's home. He disappeared again July 7. The next day he was seen north of the city.

Parkhurst had no money with him and no valuables except a gold watch.

LINEMAN IS ELECTROCUTED

Live Wire Shock Fatal to William Esler at Jamestown.

Jamestown, N. D., July 18.—William Esler, lineman for the Northwestern telephone company of Jamestown, while repairing a broken telephone wire, received an electric shock, causing him to fall to the ground. He died at a local hospital, death being due to the electric shock. The broken wire was hanging over one of the electric wires with the end lying on the ground. Shortly before the accident Frank Helmsworth stepped upon the live wire and was thrown to the ground but not injured.

M'REYNOLDS TO
PURSUE TRUSTS

REVEALS INSIDE OF GRAFT

Becker's Agent Said to Have Told Details of System.

New York, July 18.—The police graft situation was brought to the front again when Charles B. Plitt, Jr., who was the so called press agent of former Police Lieutenant Charles Becker, submitted to District Attorney Whitman a five-page typewritten statement reputed to be a confession of facts relating to the alliance between the police "system" and the underworld. Mr. Whitman assigned one of his assistants to tally with Plitt, who is under indictment on a perjury charge, with a view to determining if Plitt's statement is worthy a grand jury investigation.

Plitt's "squeal" is reported to contain the information long sought by the prosecutor. An inspector, a civilian attaché at police headquarters and several minor officials are said to be mentioned in Plitt's statement.

This statement is declared to tell of alleged participation in graft by Becker, who is now under sentence of death at Sing Sing for the murder of the gambler, Herman Rosenthal, a year ago.

SPEEDY WEDDING.

Orange, Va., July 18.—"Going some" was the verdict of Baltimore society when it heard that Dr. Chauncey E. Dovell and Miss Estelle Eddins were married in an automobile going fifty miles an hour.

JULY FROST IN GALLATIN

First Reported in That Section Since 1882.

Bozeman, Mont., July 18.—The first July frost recorded in the Gallatin valley since 1882, according to the government reports, occurred recently when the thermometer registered slightly under 32 degrees and vegetation was frosted generally. The damage to crops, so far as any well authenticated reports go, was not serious. The crop to suffer most seems to have been seed peas. Winter wheat is at a critical stage for frost and some damage may have been done to that.

EARTHQUAKE IN NICARAGUA

Shocks of More or Less Violence Continue in Country.

San Juan del Sur, Nicaragua, July 18.—Earth shocks of more or less violence continue in Nicaragua, principally in the departments of Masaya and Masaya. In Masaya several houses have been destroyed. Santiago volcano is active.

Is Studying the Dissolution Plans.

STANDARD OIL AND TOBACCO

Attorney General Delving into Senator Cummins' Bill and Reports of Government Attorneys in Oil Case. Independents Support Proposed Law.

Washington, July 18.—Attorney General McReynolds is still considering the dissolutions of the Standard Oil and tobacco trusts to determine whether further steps should be taken by the federal government to promote real and free competition, which, it is alleged, does not exist in those industries.

In the tobacco case the attorney general is giving thought to the bill introduced by Senator Cummins directing the department of justice to appeal to the supreme court from the decree of dissolution entered by the circuit court for the southern district of New York Nov. 16, 1911, and also authorizing independent tobacco manufacturers and others to intervene in the case to object to the decree.

F. H. Levy, who represented the independents when they successfully sought to intervene before the final entry of the decree, has filed with the department a digest of the situation and an argument in favor of the legality of the proposed law. This is now under consideration, and the attorney general is expected to give his opinion to the senate committee on judiciary, to which the Cummins bill has been referred.

Some intricate questions of law officials of the department of justice point out, are involved in the Cummins measure.

In the Standard Oil case the attorney general is continuing his study of the report of Charles B. Morrison and Oliver E. Pagan, the government attorneys who investigated the question whether the decree of dissolution is being violated. A conclusion has not yet been reached. The oil interests maintain they are complying with the decree.

While the supreme court decided both cases, the decree in neither recalled the highest tribunal. Attorney General McReynolds' principal complaint against the decrees revolves about the pro rata distribution of stock among the same stockholders who controlled the original combinations.

AGED WOMAN IN SUICIDE PACT

Partner in Act an Invalid Young Man.

San Jose, Cal., July 18.—After feeding Mrs. Olive J. Smith, eighty-six years old, a drug for seventy-two hours, and writing down the story of her lingering death, Stephen Mastick, a tuberculosis invalid, threw himself into a shallow lake at Monterey. The body of the woman was found first and searchers later discovered Mastick's corpse in the lake.

Letters signed by the pair said that they had arranged a suicide pact and told of a celebration of their intentions in Monterey last Friday, when they had ice cream, pie and milk.

The woman has been supporting Mastick on a \$12 monthly pension for several months. Mastick was twenty-nine years old.

FORTY DIE IN SULPHUR PIT

Mine in Sicily Catches Fire and Doomed Men Struggle to Escape.

Palermo, Sicily, July 18.—A sulphur mine near Castel Termini caught fire while many miners were at work. There was a terrible struggle to escape from the deadly fumes, and it is estimated that forty of the men were killed.

DO NOT WANT JACK JOHNSON

Theater Manager Says He Would Be Hissed Off Stage.

London, July 18.—Jack Johnson, the American negro pugilist, has tried to obtain an engagement at the London opera house, but the management declined his offers, saying that he certainly would be hissed off any London stage.

HEAT KILLS THREE IN KANSAS

Hutchinson Reports Temperature of 111 Degrees and Marysville 110.

Kansas City, Mo., July 18.—Slightly lower temperatures for Northern Kansas were indicated by weather reports. There was no rain in any part of the Southwest.

Mrs. James Gibson, sixty-five years old, died at her home in this city. At Leavenworth, where a temperature of 109 prevailed, Dr. John M. McCormick, eighty-eight years old, and Leonard Stadsloft, an infant, succumbed to the heat.

The heat center was Hutchinson, Kan., where a temperature of 111 degrees was recorded. At Marysville, Kan., the government thermometer registered 110 degrees.

In Kansas City the maximum temperature was 101 degrees.

Homes \$50 to \$100 cash and \$10 to \$20 monthly. Nettleton—Adv. 361f-wtf

A mud hole has developed near the street fountain at the corner of Front and South Sixth streets, and steps should be taken to remedy the paving here and to repair a broken water pipe.

Rev. H. Winkelman, assistant pastor of the Evangelical church of Northeast Brainerd, will preach both morning and evening next Sunday, July 20. The Rev. Zabel will hold services at Pequot and Jenkins over Sunday.

You can attend the moving picture shows any time but it is a rare opportunity to hear a scientist of Mr. Ireland's ability lecture on immortality from a scientific viewpoint.—Adv.

Mrs. William Falkenreck, of 518 Northeast Pine street, entertained Wednesday afternoon in honor of Mrs. Walter Pirie of St. Louis, Mo., who is visiting relatives in Brainerd. A dainty luncheon was served, covers being laid for ten.

The pool room ordinance, as originally presented to the council, provided that these places should be closed between the hours of 11 P. M. and 5 A. M. The ordinance was amended at the suggestion of Alderman Betzold to include the hours of midnight to 5 A. M. and in this shape was defeated by a 6 to 2 vote.

So that all may have an opportunity to attend the lecture by J. F. Ireland, F. I. A. Sec., Thursday and Friday evening, there will be no admission charges, only contributions received to defray expenses.—Adv.

The M. & I. team played the North Side Stars and put them on the blink, the score reading 6 to 1 in favor of the railway boys. "Bill" McGawry, the roadmaster's clerk, made his debut as a pitcher and it was surely some breaking out in society, for Bill fanned 10 stars. Art Thoe was at the receiving end and said he would rather throw trunks a whole day than stand up catching such lightning delivery. McGawry, it is said, gained his experience in pegging the ball by throwing train orders wrapped around a chunk of coal and nailing the "con" on the rear end of a flying freight.

A Biting Farewell.
Philpotts, bishop of Exeter, who was noted for his biting tongue, had been the guest of Sir John Kenaway at Escot.

He was entirely polite until his episcopal chariot was at the door to drive him back to Exeter, then, with one foot on the step, he gave a comprehensive look over the front of the house and the lake beside it and, taking his host's hand, he remarked with slow deliberation: "Goodby, Sir John. I have much enjoyed my visit. I have only two suggestions to make for the improvement of your home and park. I should pull down the house and fill up the pond with it."—"Memories," by Hon. Stephen Coleridge.

Expensive.
"How often is your motor overhauled, Binks?" asked Dusenberry.

"Four times last month," said Binks.

"Four times in one month? Geezus! What for?" demanded Dusenberry.

"Speeding," said Binks; "twice by the bicycle cops, once by a deputy sheriff and once by a plain, common garden, village constable."—Judge.

Very Tactful.
Hostess—Miss Robinson has no partner for this waltz. Would you mind dancing with her instead of with me?

Hawkward—On the contrary, I shall be only too delighted.—London Tit-Bits.

CROSBY PEOPLE**VERY HOSPITABLE**

Brainerd Delegation Thanks Crosbyites for Courtesies Extended Them at the

METHODIST CHURCH DEDICATION

Crosby Baseball Team Takes on the
Fitwells of Duluth, Sunday,
July 20

Crosby, Minn., July 18—Among the Brainerd visitors at the Methodist church dedication exercises were Mrs. J. H. Warner and daughters, the Misses Irma and May Warner; Mrs. Richardson, Mr. and Mrs. G. N. Grant, J. H. Noble, Mrs. Thomas Deakes, William Greenaway and Miss Flo Murphy. They appreciated the courtesies extended them by the Crosby people and the opportunity given them to hear Rev. Charles Fox Davis, of Minneapolis, preach.

Mrs. H. Ingalls entertained a number of friends on the barge "Chippewa," on Monday evening.

The Crosby baseball team will play the Fitwells of Duluth on Sunday.

George Nevers has been suffering with a severe attack of blood poisoning in the leg.

Miss Loretta Young, who has been the guest of Mrs. Frank Stonemark and other friends, has returned to her home in Marble.

S. A. Slemmons, who has been the guest of his son-in-law, M. C. Hosmer, has returned to his home in Sterling, Ohio, and on the way will also visit Peoria, Ill.

George H. Crosby went to Duluth Tuesday and will be absent several weeks.

A. J. McLennan and family are expected in Crosby this week and will enjoy several weeks' recreation here.

Altken put up a good game with Crosby and won by the score of 3 to 1.

The brickwork on the Spalding hotel is well under way.

Mrs. Norgaard is building a residence on the corner of Second street and Cross avenue.

Guy Cunningham's launch, the "Blue Boat," made a fast trip over Serpentine lake to Deerwood Wednesday.

The boat sped like an arrow and the engine never missed a cough. He has a three horsepower Glies engine.

Brickwork on the Stein & O'Rourke and the Trio blocks has progressed past the second floors.

Mining and exploration work at and in the vicinity of Crosby continue to produce the big payrolls which mean increased business in the city.

SPINNING ASBESTOS.

A Thread a Hundred Yards Long and Only an Ounce in Weight.

When it leaves the cobbling sheds asbestos is sent to the spinning mills in bags containing about 100 pounds. It is then first carded by a machine somewhat resembling the saw tooth gin seen in cotton mills. This machine separates the tangled fibers, upon the completion of which operation there occurs a final carding on a regular carding machine. Leaving this carding machine the asbestos is combed smoothly and the fibers are laid parallel in a uniform mass.

The next step is to treat this mass in a rotary spinning machine. First the mass is spun into a coarse yarn. Then it is drawn and spun until it becomes fine and quite strong. In case a hard, strong thread is required for certain fabrics the asbestos yarn is placed in a doubling and twisting machine, where two or more of the yarn threads are combined. If the asbestos is to be impregnated with rubber a smooth, hard finished thread is not desirable.

For a long time the problem of spinning asbestos presented many difficulties by reason of the manner in which the threads persisted in slipping past one another. Eventually it was found that, under the microscope, a thread of asbestos displayed a notched surface and that by means of special twisting the spinning could be successfully accomplished. The result is that, after many years of experiment, manufacturers nowadays are able to turn out a single asbestos thread 100 yards in length and not exceeding an ounce in weight.—Exchange.

Void.
Take five, add nothing, add one, add five hundred and the answer is nothing. How is it done?

THE STORE OF QUALITY

REMEMBERS BRAINERD

Ed. F. Seamans, Advance Man, Visits City—Was in Railway Wreck at Jonesville in 1891

Ed. F. Seamans, advance man for the Allardt-Woolfolk circuit presenting "The Time, Place and Girl" at the Brainerd opera house Saturday and Sunday, July 19 and 20, "The Bellhop" a week later, "Who's Little Girl Are You" the week following and "The Girl Question" seven days later, has cause to remember Brainerd, for it marks an event in Mr. Seamans' life which time cannot erase.

In January of 1891 Mr. Seamans was the leading tenor singer of the Andrews Opera company. The company had played at Duluth and traveling in a special train was making a jump to Grand Forks. The night of the fifteenth was bitterly cold. A wind swept the country and the effect of the fierce blast was heightened by the temperature, the thermometer lurking at the bottom of the tube near 40 below. The special was composed of an engine, baggage and sleeper and bowled along without accident until Jonesville was reached at two o'clock in the morning.

At this point just east of Brainerd a split rail was struck and the engine and baggage car passed over safely while the sleeper went into the ditch. The sleeper turned over once and then made a half-revolution, landing on its side in the frozen swamp. No one had been injured so far. Windows were broken by the members of the company who fled from the car to the frigid outside.

The crushed car caught on fire and then the real horror came. Mrs. Ed. Andrews, whose stage name was Miss Nannie Wilkinson, and who was the prima donna of the company, fell a victim to the flames and with her perished a member of the chorus.

Mr. Seamans said that today Brainerd is the best looking town he has seen in his travels through the west. It has a most prosperous appearance and is only excelled, possibly, by Billings, Great Falls or Helena. He is now the advance man for the Allardt-Woolfolk circuit and has been with them the past two years.

This circuit produces the four plays mentioned and each will be presented at the Brainerd opera house at intervals of a week.

The Virginia Plover.

The most wonderful bird flight noted is the migratory achievement of the Virginia plover, which leaves its haunts in North America and, taking a course down the Atlantic, reaches the coast of Brazil in one unbroken flight of fifteen hours, covering a distance of over 3,000 miles at the rate of four miles a minute.

Medieval Theaters.

National theaters of an open air kind—at one time existed in England, as Parran Round, in Cornwall, testified. That is a vast amphitheater turfed to seat over 2,000 persons. The beginnings of British dramatic art sprang from these open air theaters, where the medieval plays were produced—and forgotten.

To Be Exact.

"Will you please cash a check for me, Mr. Bankus?"

"Is it a very large one?"

"No, indeed. It's only about two inches wide and five inches long."—Lippincott's.

Self Conscious.

"What made you jilt Harold Hicoklar?" asked Maud.

"I didn't," replied Mamie. "His conceit misled him. I said I wouldn't wed the best man alive; he thought I meant him."—Washington Star.

Saw Too Much.

Little Elmer—Auntie, did you used to be an Indian? Aunt—No, dear. Why did you ask that? Little Elmer—Well, when mamma sent me to your room this morning I saw some scalp on your dressing table.—Chicago News.

Good Plan.

It is a good plan while waiting for your ship to come in to kill time by going to work to earn something.—New Orleans Picayune.

Tis a wise saying. Drive on your own track.—Plutarch.

LOCAL NEWS NOTES

"Michael's" window's show bargains
Miss Maud Britton went to Staples yesterday noon.

Dr. R. J. Sewall, of Crosby, was in Brainerd today.
For ice cream phone Turner Bros.—Adv.

Miss Vivian Brockway is visiting friends in Veridale.
Miss May Perry, of Minneapolis, is visiting Mrs. Charles Risk.

Edward Harris, of Duluth, is a summer guest at Parkerville.
For SPRING WATER Phone 2692.

William Graham attended to business matters in Staples Friday.
Mr. and Mrs. G. A. Rydberg, of Duluth, were Brainerd visitors Friday.

Awnings put up by D. M. Clark & Co.—Adv.

Miss Hattie Avery has gone to Bemidji to visit relatives and friends.
Miss Anna Irving, of Minneapolis, is the guest of Miss Frances Quinn.

Miss Mabel Swanson is visiting friends in St. Paul and Minneapolis.
Order your wall paper early from D. M. Clark & Co.—Adv.

A. C. Fuller, of Minneapolis, is enjoying his annual vacation in Brainerd.
C. B. Rowley, who has many contracts at Ironton, was in Brainerd today.

Miss Nellie Gandrud, of Detroit, Minn., was the guest of Mrs. A. G. Trommald.

Muresco Sanitary Wall finish is sold only by D. M. Clark & Co.—Adv.

Mr. and Mrs. J. Higbe have returned from an auto tour of the Cuyuna iron range.
The water and light board has its regular monthly meeting on Wednesday evening, July 23.

Phone 245 if you wish to donate waste paper, books, magazines, and newspapers and they will be called for.—Adv.

The pool room ordinance, as originally presented to the council, provided that these places should be closed between the hours of 11 P. M. and 5 A. M. The ordinance was amended at the suggestion of Alderman Betzold to include the hours of midnight to 5 A. M. and in this shape was defeated by a 6 to 2 vote.

So that all may have an opportunity to attend the lecture by J. F. Ireland, F. I. A. Sc., Thursday and Friday evening, there will be no admission charges, only contributions received to defray expenses.—Adv.

The M. & I. team played the North Side Stars and put them on the blink, the score reading 6 to 1 in favor of the railway boys. "Bill" McGawry, the roadmaster's clerk, made his debut as a pitcher and it was surely some breaking out in society, for Bill fanned 10 stars. Art Thoe was at the receiving end and said he would rather throw trunks a whole day than stand up catching such lightning delivery. McGawry, it is said, gained his experience in pegging the ball by throwing train orders wrapped around a chunk of coal and nailing the "con" on the rear end of a flying freight.

A Biting Farewell.
Philpotts, bishop of Exeter, who was noted for his biting tongue, had been the guest of Sir John Kennaway at Escot.

He was entirely polite until his episcopal chariot was at the door to drive him back to Exeter, then, with one foot on the step, he gave a comprehensive look over the front of the house and the lake beside it and, taking his host's hand, he remarked with slow deliberation: "Goodbye, Sir John. I have much enjoyed my visit. I have only two suggestions to make for the improvement of your home and park. I should pull down the house and fill up the pond with it."—"Memories," by Hon. Stephen Coleridge.

Expensive.
"How often is your motor overhauled, Binks?" asked Dusenberry.
"Four times last month," said Binks.
"Four times in one month? Geerusalem! What for?" demanded Dusenberry.

"Speeding," said Binks; "twice by the bicycle cops, once by a deputy sheriff and once by a plain, common garden, village constable."—Judge.

Very Tactful.
Hostess—Miss Robinson has no partner for this waltz. Would you mind dancing with her instead of with me?
Hawward—On the contrary, I shall be only too delighted.—London Tit-Bits.

Mrs. F. M. McCabe, of Spokane, Wash., is visiting her parents, Mr. and Mrs. J. M. Quinn.

S. Paulson, a business man of Superior, Wis., is enjoying an outing fishing at Rocky Point.

E. F. Ring returned Friday from Duluth. "It's cool and it's wet in Duluth," said Mr. Ring.

Nettleton sells Houses, Lots, Lands. 303tf-wtf

Blueberries are being shipped through Brainerd from Minnesota & International railway points.

For Rent—Three unfurnished rooms for housekeeping, second floor, 111 Myrtle St., N. E. Brainerd. 31-tf
Mrs. Claus Theorin has returned from St. Paul where she visited her mother, Mrs. Louise Dobberman.

Miss Hazel Tourtellotte, who has been the guest of Miss Mamie Koop, has returned to her home in Little Falls.

Schmidt's bottle beer, famous for quality. Order a case. Telephone 164. John Coates Liquor Co.—Adv.

The Evangelical Sunday school of Northeast Brainerd are having their annual picnic today at Lum park, including boat rides and sports.

The Barnum & Bailey advertising car is in the city today and Brainerd is being placarded and bill-posted for the big show which comes Friday, July 25.

Store your stoves and household goods with D. M. Clark & Co.—Adv.

Mrs. Fred Boor and Miss Edith Fulton, of Minneapolis, and Miss Veryl Pitt, of Superior, Wis., are the guests of Mrs. C. H. Kylo at "Cloverland Farm" east of the city.

Schmidt's Salvator, dark beer, always on tap. Coates Liquor Co.—Adv.

Edward Miller and R. E. Peterson were fined \$10 and costs or 10 days each on a charge of assault, the complainant being the night watchman, Emanuel Horak, at the shops. The fines were paid.

Homes \$50 to \$100 cash and \$10 to \$20 monthly. Nettleton—Adv.

A mud hole has developed near the street fountain at the corner of Front and South Sixth streets, and steps should be taken to remedy the paving here and to repair a broken water pipe.

Rev. H. Winkelman, assistant pastor of the Evangelical church of Northeast Brainerd, will preach both morning and evening next Sunday, July 20. The Rev. Zabel will hold services at Pequot and Jenkins over Sunday.

You can attend the moving picture shows any time but it is a rare opportunity to hear a scientist of Mr. Ireland's ability lecture on immortality from a scientific viewpoint.—Adv.

Mrs. William Falkenroth, of 518 Northeast Pine street, entertained Wednesday afternoon in honor of Mrs. Walter Pirie of St. Louis, Mo., who is visiting relatives in Brainerd. A dainty luncheon was served, covers being laid for ten.

The pool room ordinance, as originally presented to the council, provided that these places should be closed between the hours of 11 P. M. and 5 A. M. The ordinance was amended at the suggestion of Alderman Betzold to include the hours of midnight to 5 A. M. and in this shape was defeated by a 6 to 2 vote.

So that all may have an opportunity to attend the lecture by J. F. Ireland, F. I. A. Sc., Thursday and Friday evening, there will be no admission charges, only contributions received to defray expenses.—Adv.

CROSBY PEOPLE VERY HOSPITABLE

Brainerd Delegation Thanks Crosbyites for Courtesies Extended Them at the

METHODIST CHURCH DEDICATION

Crosby Baseball Team Takes on the Fitwells of Duluth, Sunday, July 20

Crosby, Minn., July 18—Among the Brainerd visitors at the Methodist church dedication exercises were Mrs. J. H. Warner and daughters, the Misses Irma and May Warner; Mrs. Richardson, Mr. and Mrs. G. N. Grant, J. H. Noble, Mrs. Thomas Deakes, William Greenaway and Miss Flo Murphy. They appreciated the courtesies extended them by the Crosby people and the opportunity given them to hear Rev. Charles Fox Davis, of Minneapolis, preach.

Mrs. H. Ingalls entertained a number of friends on the barge "Chippewa," on Monday evening.
The Crosby baseball team will play the Fitwells of Duluth on Sunday.

George Nevers has been suffering with a severe attack of blood poisoning in the leg.

Miss Loretta Young, who has been the guest of Mrs. Frank Stonemark and other friends, has returned to her home in Marble.

S. A. Slemmons, who has been the guest of his son-in-law, M. C. Hossmer, has returned to his home in Sterling, Ohio, and on the way will also visit Peoria, Ill.

George H. Crosby went to Duluth Tuesday and will be absent several weeks.

A. J. McLennan and family are expected in Crosby this week and will enjoy several weeks' recreation here.

Altkin put up a good game with Crosby and won by the score of 3 to 1.

The brickwork on the Spalding hotel is well under way.

Mrs. Norgaard is building a residence on the corner of Second street and Cross avenue.

Guy Cunningham's launch, the "Blue Boat," made a fast trip over Serpent lake to Deerwood Wednesday. The boat sped like an arrow on the engine never missed a cough. He has a three horse-power Gies engine.

Brickwork on the Stein & O'Rourke and the Trio blocks has progressed past the second floors.

Mining and exploration work at and in the vicinity of Crosby continue to produce the big payrolls which mean increased business in the city.

SPINNING ASBESTOS.

A Thread a Hundred Yards Long and Only an Ounce in Weight.

When it leaves the cobbling sheds asbestos is sent to the spinning mills in bags containing about 100 pounds. It is then first carded by a machine somewhat resembling the saw tooth gin seen in cotton mills. This machine separates the tangled fibers, upon the completion of which operation there occurs a final carding on a regular carding machine. Leaving this carding machine the asbestos is combed smoothly and the fibers are laid parallel in a uniform mass.

The next step is to treat this mass in a rotary spinning machine. First the mass is spun into a coarse yarn. Then it is drawn and spun until it becomes fine and quite strong. In case a hard, strong thread is required for certain fabrics the asbestos yarn is placed in a doubling and twisting machine, where two or more of the yarn threads are combined. If the asbestos is to be impregnated with rubber a smooth, hard finished thread is not desirable.

For a long time the problem of spinning asbestos presented many difficulties by reason of the manner in which the threads persisted in slipping past one another. Eventually it was found that, under the microscope, a thread of asbestos displayed a notched surface and that by means of special twisting the spinning could be successfully accomplished. The result is that, after many years of experiment, manufacturers nowadays are able to turn out a single asbestos thread 100 yards in length and not exceeding an ounce in weight.—Exchange.

Void.
Take five, add nothing, add one, add five hundred and the answer is nothing. How is it done?

REMEMBERS BRAINERD

Ed. F. Seamans, Advance Man, Visits City—Was in Railway Wreck at Jonesville in 1891

Ed. F. Seamans, advance man for the Allardt-Woolfolk circuit presenting "The Time, Place and Girl" at the Brainerd opera house Saturday and Sunday, July 19 and 20, "The Bellhop" a week later, "Who's Little Girl Are You" the week following and "The Girl Question" seven days later, has cause to remember Brainerd, for it marks an event in Mr. Seamans' life which time cannot erase.

In January of 1891 Mr. Seamans was the leading tenor singer of the Andrews Opera company. The company had played at Duluth and traveling in a special train was making a jump to Grand Forks. The night of the fifteenth was bitterly cold. A wind swept the country and the effect of the fierce blast was heightened by the temperature, the thermometer lurking at the bottom of the tube near 40 below. The special was composed of an engine, baggage and sleeper and bowled along without accident until Jonesville was reached at two o'clock in the morning.

At this point just east of Brainerd a split rail was struck and the engine and baggage car passed over safely while the sleeper went into the ditch. The sleeper turned over once and then made a half-revolution, landing on its side in the frozen swamp. No one had been injured so far. Windows were broken by the members of the company who fled from the car to the frigid outside.

The crushed car caught on fire and then the real horror came. Mrs. Ed. Andrews, whose stage name was Miss Nannie Wilkinson, and who was the prima donna of the company, fell a victim to the flames and with her perished a member of the chorus.

Mr. Seamans said that today Brainerd is the best looking town he has seen in his travels through the west. It has a most prosperous appearance and is only excelled, possibly, by Billings, Great Falls or Helena. He is now the advance man for the Allardt-Woolfolk circuit and has been with them the past two years. FITZGERALD ASKS MORE ECONOMY

Dividing Appropriation Work Is Costly, He Says.

A "CLASSICAL" PRESIDENT.

Senator Chamberlain's Alaska Railroad Scheme Won Him Sobriquet of Innocent George, but It Didn't Work. It Would Have Cost Government About Thirty Millions.

By ARTHUR W. DUNN.

Washington, July 17.—[Special.]—Looking toward economy, Chairman Fitzgerald of the appropriations committee made a plea for a return to the days when all the appropriations were made by one committee instead of being scattered among eight or ten. No doubt many millions would have been saved if the division had never been made.

The appropriations committee seeks to again become the great powerful organization it was before the division was made and would like to continue to dominate the house, as it did in the days gone by. But the house will not return to the old method. Members are lacking in control now, and they will not curtail the little power they still exercise as members of committees which make appropriations for various activities of the government.

Result of an Old Feud.

The division of the appropriations was the result of an old feud between Sam Randall of Pennsylvania and William R. Morrison of Illinois. Randall was a protectionist, Morrison a free trader. Each was leader of a wing of the Democracy. Randall several times defeated Morrison's tariff bills. Morrison, with the aid of Carlisle, who succeeded Randall as speaker, sought to humiliate Randall by taking away most of the appropriation bills from the appropriations committee, of which Randall was chairman. And Morrison was able to carry his scheme through.

And now the other committees—military affairs, naval affairs, Indian affairs, postoffice, rivers and harbors, agriculture and foreign affairs—are strong enough to hold the several bills which they report and handle each year. Even the senate followed the house after a hard fight and divided the appropriations among different committees.

A "Classical" President.

It was a select audience which listened to the address (he called it an address instead of message) delivered to congress urging currency legislation. In the gallery were many women, the wives and daughters of congressmen and their friends. As the president stood in front of the speaker's desk, at the reading desk of the clerks, his tall, slim figure clad in the conventional frock coat and striped trousers, he fitted exactly the comment of a woman in the gallery. "Well, anyway, he is a classical looking president," she said. And even from the standpoint of the best dressed man in the assembly, Jim Ham Lewis, the president was certainly "classy" in his appearance.

"Innocent George."

Senator Chamberlain of Oregon is sometimes called "Innocent George," and here is one reason why: Recently he arose in the senate and mildly, with childlike faith, asked unanimous consent to take up and consider a bill relating to Alaska. It was during the morning hour. The senate was to take a recess in fifteen minutes, and apparently the Oregon senator had an urgent bill to pass.

But inquiry was made, the bill was read and developed that it was a measure authorizing the construction of railroads in Alaska, committing the government to ownership of railroads to that extent and appropriating about \$30,000,000 for the work. Well, of course he didn't "get away with it," although all the people in the northwest section of the country want the legislation.

A Republican Query.

"Has President Wilson enough patronage to pass both a tariff bill and a currency measure?" asked former Senator Hansbrough. He was a member of the senate during the last Cleveland administration and remembers that patronage gave out when Cleveland was in the midst of tariff legislation.

"Turn Down a Page" but You Can't.

The name Page seems to be prominent these days. First there is Walter H. Page, ambassador to Great Britain; then Thomas Nelson Page, ambassador to Italy; Logan Waller Page, who is doing the good roads work for the department of agriculture; Robert N. Page of North Carolina, a congressman on the important committee of appropriations, not to forget Senator Carroll S. Page, senator from Vermont, who keeps alive memories of maple sugar every year and who went up in a flying machine. "Turn down a Page," says some one. But you can't do it these days.

It Was So Different.

The day that President Wilson delivered his second address to congress a traveled individual leaned over the gallery rail and saw the senators march in. "Look at them in their light suits," he said in a pained voice. "They are not showing proper respect for the president. In a foreign parliament every man would be in black, even if he was sweltering."

A Paternal Proposition.

"The government throws all the obsolete army weapons in the junk pile. They are unsalable." "Seems to me the government gives very little thought to pleasing its citizens." "How now?" "Think of the innocent joy that would result if they buried those weapons on the various battlefields for tourists to dig up."—Kansas City Journal.

THEY DIDN'T MIND DIRT.

In the Days When Clothes Were Wore, but Never Washed.

In the matter of the washing of clothes, not to say the washing of themselves, our ancestors were a trifle lax. The laundress of the twelfth century must have held a position which was practically a sinecure, while it seems within the bounds of possibility that in those days she did not exist at all. There were, insooth, few garments which would stand washing, and the dyer was driving a brisk trade before the laundress was even thought of. A little dye must indeed have covered a multitude of spots.

In the days of the Tudors and Stuarts washing was a trifle more in evidence than formerly, but those articles which were permitted to find their way into the "buck pan"—as the washing tub used to be called—were few and far between. The wealthy of the middle ages got over the difficulty of obtaining clean underclothing with primitive simplicity by not wearing any, while the lower orders wore coarse woollen garments that would no doubt have "shrunk in the wash."

To prevent any casualty of the kind they remained unwashed. Velvet, taffetas and richly dyed silks, such as those worn by the nobility and gentry, could not, of course, be washed, and should any person of high degree be the possessor of a linen shirt it was a thing which was carefully made known to all his friends and relatives as being extremely la mode and a fit subject for congratulation, but washed it never was for fear of injuring its pristine beauty.—London Tatler.

Witchcraft.

In many parts of the world—Greece, for instance—the believer in witchcraft still gets hold, by hook or by crook, of hair, nail parings and so forth from an enemy's head and hands and burns, buries or does something else with them in order to entail unpleasant consequences upon that enemy. And universal folklore reveals the concern of savages to dispose of their own hair and nail clippings to prevent an enemy from getting at them. Australian native girls, having had a lock of hair stolen from them, expected speedy death as a certainty.—London Telegraph.

TODAY IS YOUR ONLY DAY.

Yesterday is a Record and Tomorrow May Never Come.

Good days and bad days exist only in your own head. The weather has nothing to do with it. Each day is what you make it for yourself. Bad weather is only an unfortunate opinion.

Suppose it is raining pitchforks. You get word that a forgotten uncle has left you \$1,000,000. What do you care about the weather then? Or suppose the person you love is dying. Unexpectedly a turn for the better comes. The doctor says your dear one will live. What if it is hotter than Tophet? It is a good day, a great day, a happy day. It's what you think and feel about it that makes each day what it is. You, within yourself, can make each day, every day, a good day. Put down in the notebook of your soul the poet Rabeberg's thought: "Each day is a life."

When you get up in the morning throw back your shoulders, take a deep breath. Meet the new day like a man. Say to yourself:

"Another day—another life!"

For all we know, it may be the only day we'll ever have. Let's make it the best day we can. Let's strive to see that it is a day worth while. Let's move a step forward in our work. Let's do all the good we can. Let's get all the happiness we can—today.

Right now is the only time you can control. Yesterday is a record. Tomorrow is a secret. Today is yours, is mine.—American Magazine.

Most Versatile Postman.

The most versatile postman of any time was probably the late H. A. Major of London, who was for many years a familiar figure in the neighborhood of St. Clement Dances and the Strand. In his spare time, until he lost his voice, he was an actor—he was one of the original cast of "Black Eyed Susan." He wrote innumerable farces and some thirteen dramas, most of them successfully produced. He painted pictures and obtained the king of Italy's medal for his "lifelike representation of fruit," and in addition he achieved more than a local reputation as a violinist. Many of his pictures are hung in the wards of King's College hospital.

A Lapland Wedding.

Mr. F. H. Butler, who has traveled much in Lapland, is of opinion that that country affords a far more interesting experience for holiday makers than Switzerland.

"A wedding I saw was the picture of happiness," he says. "The bride was attired in red, with a red silk scarf and tassels, white shoes, fur gaiters and red gloves. The wedding feast consisted of reindeer meat, marrowbones from the legs, reindeer tongues and reindeer cream and coffee. It is the practice for the dogs to attend the ceremonies, and sometimes the proceedings are disturbed by the dogs fighting."—London Opinion.

Too Plain.

"There is certainly one thing people do not want to be told about their photographs."

"What is that?"

"The plain truth."—Baltimore American.

The "Devil's Graveyard."

A cemetery known as the "Devil's Graveyard," on top of a rocky hill overlooking St. Gall, Switzerland, where for centuries were buried sorcerers and sorceresses, is being blasted away to make room for public improvements. From the tenth century to the early seventeenth those supposed to be in traffic with the evil one were tortured, executed and buried there. The excavators have found bones estimated to

Dr. Stuck, Missionary, Reaches Summit Of Mount McKinley

THE Rev. Dr. Hudson Stuck, an Episcopal archdeacon of Alaska, was the first person to reach the summit of Mount McKinley, having accomplished this feat, which had baffled all of his predecessors, on June 7 last. He started out several months ago, and after having conquered the treacherous ice trails and scaled the high, snow covered cliffs he was in the end rewarded with success, attaining the top of the highest mountain peak in North America.

After his success Dr. Stuck sent a message to the outside world telling of his experiences. Harry P. Karstens, R. G. Tatum and Walter Harper accompanied Dr. Stuck on his successful ascent.

A mercurial barometer was carried to the summit, and readings and observations were made which should permit a closer approximation of the true altitude. Water boiled at 174.9 degrees on the summit of the mountain. With fieldglasses the party saw clearly the flagpole erected in 1910 by the Thomas Lloyd expedition. This was on the north peak, the lower of the two main peaks.

After completing their observations Dr. Stuck and his party hoisted an American flag and erected a six foot cross on the highest point in North America.

The message from Dr. Stuck concludes:

"The northeast ridge is the only possible approach to the summit. Due to the violent earthquakes of last July, the higher ridges were terribly shattered, and this added largely to the danger, difficulty and labor of the ascent. We spent three weeks in continuous bad weather, hewing a passage three miles long through this side.

ARCHDEACON STUCK.

This was the chief cause of delay, as we made rapid progress at all other stages of the journey.

"The chief credit for our success is due to Karstens' good judgment, resourcefulness and caution. We did not have a single mishap."

Harry P. Karstens is an Alaskan guide and led the Charles Sheldon expedition in 1907-8. R. G. Tatum is a mission worker under Archdeacon Stuck.

Archdeacon Stuck planned his expedition as a vacation outing. Aside from the Alaskan work, he has much experience as a mountain climber. He has scaled nearly all the great peaks in the Canadian and Colorado Rockies and climbed many of the higher peaks of the Alps. He holds the honorary degree of doctor of divinity from the University of the South and is a member of the National Geographic society.

Archdeacon Stuck was born in England. He came to this country when about nineteen years of age and went to Texas. There he lived the life of a plainsman for several years until the bishop of western Texas, interested in Stuck, persuaded him to study for the ministry of the church. He pursued his education at the University of the South at Sewanee, Tenn. From this institution he was graduated. After holding several churches he was made dean of St. Matthew's cathedral, in Dallas, Tex.

In 1904 he left Dallas to engage in missionary work. He began among the Alaska Indians. He built St. Matthew's church in Fairbanks, Alaska, and was the moving spirit of St. Matthew's hospital, a sort of club and infirmary for miners.

From border to border, nearly, of Alaskan territory and well within the arctic circle, with an Indian boy as companion, through hundreds of miles in the Alaskan winter, threading dangerous passes and spending nights on slopes where the thermometer registered 70 degrees below zero, he made his rounds with dog and sled. Though not so well known to the public, his adventures have been similar in character and scarcely inferior in number to those of Bishop Rowe. To miners and natives he has been "guide, philosopher and friend" and very often doctor too.

Procrastination. Dentist (at first sight of patient)—You ought to have come to me before. Patient (delighted and darting for the door)—Ah! I was afraid I might be too late. Good morning!—London Punch.

One Advantage.

"What do you think of this idea of having dogs for caddies?" asked the old golfer.

"It's a good idea," replied the beginner. "The dogs can't laugh at you!"—London Standard.

He Could Understand. An Orange gentleman was explaining to his four-year-old nephew why the original of the "Winged Victory" in the parlor had no head.

"We are sure it had one once," he said, "but there was a great fire or an earthquake, and the statue fell down and was broken. Years afterward men dug in the ruins of the city and found the body of the statue, but they could not find the head. Probably it had rolled away and some boys had picked it up and carried it off."

The four-year-old thrilled with sudden interest.

"Boys would do that," he said.

"They stole our gate,"—Newark News.

Toast Limits.

A right honorable member of parliament had the first response on the toast list at an English banquet.

He began cheerily and talked soggy politics without end.

After he had been on his feet for an hour the chairman, or toastmaster, sent a note to the man sitting next to the talker, who also was scheduled for a toast.

The note read, "For heaven's sake twitch his coatails and tell him he has long exceeded his time limit!" Presently a note from the man who was to talk came back to the chairman. That note read: "I am astonished at your request. If I cannot speak longer than this I refuse to speak at all."—Saturday Evening Post.

Free Speech.

As an audience the crowd seemed frivolously inclined. The orator was a broad shouldered, heavily built man. "Look here, my friends," he said; "I'm standing here today to maintain the great principle of free speech, and if any man interrupts me I'll give him one on the nose."

Free speech triumphed.—Manchester Guardian.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots, How to Remove Easily

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength from your druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.—Advt.

FITZGERALD ASKS MORE ECONOMY

Dividing Appropriation Work Is Costly, He Says.

A "CLASSICAL" PRESIDENT.

Senator Chamberlain's Alaska Railroad Scheme Won Him Sobriquet of Innocent George, but It Didn't Work. It Would Have Cost Government About Thirty Millions.

By ARTHUR W. DUNN.

Washington, July 18.—[Special.]—Looking toward economy, Chairman Fitzgerald of the appropriations committee made a plea for a return to the days when all the appropriations were made by one committee instead of being scattered among eight or ten. No doubt many millions would have been saved if the division had never been made.

The appropriations committee seeks to again become the great powerful organization it was before the division was made and would like to continue to dominate the house, as it did in the days gone by. But the house will not return to the old method. Members are lacking in control now, and they will not curtail the little power they still exercise as members of committees which make appropriations for various activities of the government.

Result of an Old Feud.

The division of the appropriations was the result of an old feud between Sam Randall of Pennsylvania and William R. Morrison of Illinois. Randall was a protectionist, Morrison a free trader. Each was leader of a wing of the Democracy. Randall several times defeated Morrison's tariff bills. Morrison, with the aid of Carlisle, who succeeded Randall as speaker, sought to humiliate Randall by taking away most of the appropriation bills from the appropriations committee, of which Randall was chairman. And Morrison was able to carry his scheme through.

And now the other committees—military affairs, naval affairs, Indian affairs, postoffice, rivers and harbors, agriculture and foreign affairs—are strong enough to hold the several bills which they report and handle each year. Even the senate followed the house after a hard fight and divided the appropriations among different committees.

A "Classical" President.

It was a select audience which listened to the address (he called it an address instead of message) delivered to congress urging currency legislation. In the gallery were many women, the wives and daughters of congressmen and their friends. As the president stood in front of the speaker's desk, at the reading desk of the clerks, his tall, slim figure clad in the conventional frock coat and striped trousers, he fitted exactly the comment of a woman in the gallery. "Well, anyway, he is a classical looking president," she said. And even from the standpoint of the best dressed man in the assembly, Jim Ham Lewis, the president was certainly "classy" in his appearance.

"Innocent George."

Senator Chamberlain of Oregon is sometimes called "Innocent George," and here is one reason why: Recently he arose in the senate and mildly, with childlike faith, asked unanimous consent to take up and consider a bill relating to Alaska. It was during the morning hour. The senate was to take a recess in fifteen minutes, and apparently the Oregon senator had an urgent bill to pass.

But inquiry was made, the bill was read and developed that it was a measure authorizing the construction of railroads in Alaska, committing the government to ownership of railroads to that extent and appropriating about \$30,000,000 for the work. Well, of course he didn't "get away with it," although all the people in the northwest section of the country want the legislation.

A Republican Query.

"Has President Wilson enough patronage to pass both a tariff bill and a currency measure?" asked former Senator Hansbrough. He was a member of the senate during the last Cleveland administration and remembers that patronage gave out when Cleveland was in the midst of tariff legislation.

"Turn Down a Page," but You Can't. The name Page seems to be prominent these days. First there is Walter H. Page, ambassador to Great Britain; then Thomas Nelson Page, ambassador to Italy; Logan Waller Page, who is doing the good roads work for the department of agriculture; Robert N. Page of North Carolina, a congressman on the important committee of appropriations, not to forget Senator Carroll S. Page, senator from Vermont, who keeps alive memories of maple sugar every year and who went up in a flying machine. "Turn down a Page," says some one. But you can't do it these days.

It Was So Different.

The day that President Wilson delivered his second address to congress a traveled individual leaned over the gallery rail and saw the senators march in. "Look at them in their tight suits," he said in a pained voice. "They are not showing proper respect for the president. In a foreign parliament every man would be in black, even if he was sweltering."

A Paternal Proposition.

"The government throws all the obsolete army weapons in the junk pile. They are unsalable." "Seems to me the government gives very little thought to pleasing its citizens." "How now?" "Think of the innocent joy that would result if they buried those weapons on the various battlefields for tourists to dig up."—Kansas City Journal.

THEY DIDN'T MIND DIRT.

In the Days When Clothes Were Dyed, but Never Washed.

In the matter of the washing of clothes, not to say the washing of themselves, our ancestors were a trifle lax. The laundress of the twelfth century must have held a position which was practically a sinecure, while it seems within the bounds of possibility that in those days she did not exist at all. There were, insooth, few garments which would stand washing, and the dyer was driving a brisk trade before the laundress was even thought of. A little dye must indeed have covered a multitude of spots.

In the days of the Tudors and Stuarts washing was a trifle more in evidence than formerly, but those articles which were permitted to find their way into the "buck pan"—as the washing tub used to be called—were few and far between. The wealthy of the middle ages got over the difficulty of obtaining clean underclothing with primitive simplicity by not wearing any, while the lower orders wore coarse woolen garments that would no doubt have "shrunk in the wash."

To prevent any casualty of the kind they remained unwashed. Velvet, taffetas and richly dyed silks, such as those worn by the nobility and gentry, could not, of course, be washed, and should any person of high degree be the possessor of a linen shirt it was a thing which was carefully made known to all his friends and relatives as being extremely la mode and a fit subject for congratulation, but washed it never was for fear of injuring its pristine beauty.—London Tatler.

WOE TO YOU RICH BLESSED YE POOR

The Philosophy of These, the
Master's Words, Is Shown
by Pastor Russell.

Are the Woes and the Blessings Present or Future?—God Is Very Rich. Many of God's Servants in the Past Were Rich—Why Classify at All? Why Contrast Rich and Poor? What Blessings Have the Poor? Riches of Wealth, Riches of Honor, Riches of Education, Do These All Bring Woes?—Poverty of Education and Earthly Goods and Earthly Fame, Do These Insure Blessings?

Asheville, N. C., July 17.—A large Convention of the International Bible Students Association is being held here—students of all ages giving every evidence of knowledge of the Scriptures. Pastor Russell spoke today, from the text, "Woe unto you that are rich!"

He said: "The amount of the capital stock of this corporation shall be Two Hundred Fifty Thousand Dollars (\$250,000.00), divided into twenty-five hundred shares of One Hundred dollars each, which shall be paid in at such times and in such manner as the Board of Directors shall require. One Hundred Twenty-five Thousand Dollars (\$125,000.00) thereof shall be preferred stock, the preferred stock shall be entitled to receive out of the earnings of the corporation cumulative dividends at the rate of seven per cent per annum before any dividends shall be paid upon the common stock. The dividends on the preferred stock shall be payable quarterly on the fifteenth days of January, April, July and October in each year. In case of dissolution of the corporation, the holders of the preferred stock shall be entitled to receive, out of the assets of the corporation, the par value thereof and all accrued and unpaid dividends, before any distribution to the holders of common stock. The preferred stock shall have no voting power, unless dividends thereon for one full year are in default, in which event it shall have equal voting power with the common stock. The Board of Directors of the corporation, on July 15, 1913, or any quarterly dividend thereafter, may retire any share or shares of the preferred stock, upon payment to the holder thereof, at the place of business of the corporation at Brainerd, Minnesota, of One Hundred thirty dollars (\$103.00) per share, and, in addition thereto, all accrued and unpaid dividends thereon. Notice of the proposed retirement of any share or shares shall be mailed to the holder thereof, according to his address as shown on the books of the corporation, at least thirty days before the quarterly dividend date, at which such stock is to be retired. If the address of any stockholder is not shown by the books of the corporation, one publication of the notice of retirement in a daily or weekly newspaper at Brainerd, Minnesota, at least thirty days before the quarterly dividend date, at which such retirement is to be effective, shall be sufficient notice to stockholders. Preferred stock so retired shall not be entitled to any dividends accruing after the date fixed for such retirement, provided the corporation is ready and able to pay the amount required to retire the same. The Board of Directors shall have power to give to any holder of common stock the privilege of exchanging the same, or any part thereof, for preferred stock, upon such terms and conditions as the Board of Directors shall prescribe."

In Witness Whereof, we have hereunto set our hands and the seal of said corporation this 8th day of July, 1913. MONS MAHLUM, President. A. T. FISHER, Secretary. (Seal)

State of Minnesota, County of Crow Wing, ss. On this 8th day of July, A. D. 1913, before me, a Notary Public within and for said County, personally appeared Mons Mahlum and A. T. Fisher, to me personally known, who, being by me first duly sworn, did depose and say that the said Mons Mahlum is the President and the said A. T. Fisher is the Secretary of Mahlum Lumber Company, a corporation; that the seal affixed to the foregoing instrument is the corporate seal of said corporation, and that said instrument was signed and sealed on behalf of said corporation by authority of its Board of Directors; and said Mons Mahlum and A. T. Fisher acknowledged said instrument to be the free act and deed of said corporation.

CHAS. H. PAINE, Notary Public, Crow Wing County, Minnesota. My commission expires April 22, 1915.

State of Minnesota, Department of State. I hereby certify that the within instrument was filed for record in this office on the 8th day of July, A. D. 1913, at 3 o'clock P. M., and was duly recorded in Book X-3 of Incorporations on page 178.

JULIUS A. SCHMIDT, Secretary of State. No. 49663. State of Minnesota, County of Crow Wing, ss. I hereby certify that the within instrument was filed for record this 11th day of July, A. D. 1913, at 2 o'clock A. M., and recorded in Book X of Minc. on page 168.

A. G. TROMMALD, Register of Deeds.

Compensations in Nature. The Pastor then showed that both rich and poor have compensations. The rich have trials and perplexities that the poor know not of. They also have many more temptations to make them less likely to seek the priceless things of God's Kingdom. But we are not to understand that God is partial to the poor. He is choosing a special class, and the conditions surrounding the rich and great make them less susceptible to His message and to the cultivation of humility. The experiences of the poor are most favorable, apparently, to the cultivation of meekness, gentleness, patience and love—qualities God estimates greatly.

Some poor, however, instead of being drawn to God by poverty, cultivate a spirit of hatred, malice and strife. Such turn away from Him.

The class described by Jesus as "ye poor" are those hungering and thirsting after righteousness, who have become God's children. These may be rich or poor in the things of this world; but all that they have is consecrated to God, in order that they may become joint-heirs with Christ.

Thenceforth, the esteem of men, while not ignored, must be secondary to the Lord and His Truth. All that this class may possess will be used to His glory, regardless of the fact that it will all be consumed in His service. The world knows not the followers of Jesus, even as it knew Him not.

HEROISM. Not in clanging fights and desperate marches only is heroism to be looked for, but on every railway bridge and fireproof building that is going up today. On freight trains, on the decks of vessels, in cattle yards, on lumber rafts, among the firemen and the policemen, the demand for courage is incessant, and the supply never fails.—William James.

In Wettest Wales. Rather unexpectedly the slopes of Snowdon, a Welsh mountain only 3,500 feet high, have proven one of the wettest regions of the world. The average annual rainfall of the globe is about thirty-six inches, that of tropical Cherrapunjee, Assam, is 610 inches, with an extreme of 905 inches in 1861, and that of Maranhao, Brazil, 227 inches. Seathwaite, a little village of the English valley of Borrowdale, has claimed the third highest record. The meteorological office, however, has reports from thirteen Welsh stations, of which Llanochfa, at an altitude of 2,500 feet, showed the greatest European rainfall—247 inches—and eleven exceeded the 143 inches of Seathwaite.

No Substitute Could do This. No inferior substitute, but only the genuine Foley Kidney Pills could have rid J. F. Wallich, Bartlett, Neb., of his kidney trouble. He says: "I was bothered with backache, and the pain would run up to the back of my head, and I had spells of dizziness. I took Foley Kidney Pills and they did the work and I am now entirely rid of kidney trouble." For sale by H. P. Dunn.—Adv. mwt

CERTIFICATE OF AMENDMENT OF ARTICLES OF INCORPORATION

The undersigned President and Secretary of Mahlum Lumber Company, a corporation, do hereby certify that at a special meeting of the stockholders of said corporation, held at its office in the City of Brainerd, Minnesota, on the 8th day of July 1913, at eleven o'clock in the forenoon, duly called for that expressly stated purpose, the following resolution was duly adopted by a majority vote of all the outstanding shares of said corporation:

RESOLVED, that Article III of the Articles of Incorporation of this corporation be amended to read as follows:

ARTICLE III. The amount of the capital stock of this corporation shall be Two Hundred Fifty Thousand Dollars (\$250,000.00), divided into twenty-five hundred shares of One Hundred dollars each, which shall be paid in at such times and in such manner as the Board of Directors shall require. One Hundred Twenty-five Thousand Dollars (\$125,000.00) thereof shall be preferred stock, the preferred stock shall be entitled to receive out of the earnings of the corporation cumulative dividends at the rate of seven per cent per annum before any dividends shall be paid upon the common stock. The dividends on the preferred stock shall be payable quarterly on the fifteenth days of January, April, July and October in each year. In case of dissolution of the corporation, the holders of the preferred stock shall be entitled to receive, out of the assets of the corporation, the par value thereof and all accrued and unpaid dividends, before any distribution to the holders of common stock. The preferred stock shall have no voting power, unless dividends thereon for one full year are in default, in which event it shall have equal voting power with the common stock. The Board of Directors of the corporation, on July 15, 1913, or any quarterly dividend thereafter, may retire any share or shares of the preferred stock, upon payment to the holder thereof, at the place of business of the corporation at Brainerd, Minnesota, of One Hundred thirty dollars (\$103.00) per share, and, in addition thereto, all accrued and unpaid dividends thereon. Commercialized. Mrs. Kiddely—Why is it that we never hear of the cute things your children say? All the other mothers are bragging about theirs. Mrs. Piffon Wheeze—You see, my husband writes the smart sayings of the little ones, and when any of ours says anything worth repeating he takes it down and sells it.—New York Globe.

Poverty of a Prince. A man from Oxford is responsible for the following story, says the Gossiper of the Liverpool Post, which he assured me was true: When undergrads ask their friends to dinner and the theater it is understood that each person pays his own shot. One day a Magdalen man, meeting the then Prince of Wales, asked him to join his forthcoming party to dine and the play. "I should love to go," said his royal highness, "but—the fact is I haven't got the 3 shillings!" "Then why don't you write home for some money?" said his friend. "I have," replied the prince, "but mother says I must make what I have do till the end of the term."

THE VICTOR.

Not to him who rashly dares,
But to him who nobly bears,
Is the victor's garland sure.
—Whittier.

Brainerd People Have Found That

This Is Necessary

A cold, a strain, a sudden wrench.

A little cause may hurt the kidneys.

Spells of backache often follow.

Or some irregularity of the urine.

A splendid remedy for such attacks.

A medicine that has satisfied thousands.

Is Doan's Kidney Pills, a special kidney remedy.

Many Brainerd people rely on it.

Here is Brainerd proof.

Mrs. Alfred Towers, 416 First Ave., Brainerd, Minn., says: "Our experience with Doan's Kidney Pills has been very satisfactory. Six years ago we first used the remedy and at that time it did such good work that we publicly endorsed it. Since then we have taken Doan's Kidney Pills when suffering from backache and other symptoms of kidney complaint and we have never failed to get relief. Our former statement still holds good."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

WOE TO YOU RICH BLESSED YE POOR

The Philosophy of These, the Master's Words, Is Shown by Pastor Russell.

Are the Woes and the Blessings Present or Future?—God Is Very Rich. Many of God's Servants in the Past Were Rich—Why Classify at All? Why Contrast Rich and Poor? What Blessings Have the Poor? Riches of Wealth, Riches of Honor, Riches of Education, Do These All Bring Woes?—Poverty of Education and Earthly Goods and Earthly Fame, Do These Insure Blessings?

Asheville, N. C., July 17.—A large Convention of the International Bible Students Association is being held here—students of all ages giving evidence of knowledge of the Scriptures. Pastor Russell spoke today, from the text, "Woe unto you that are rich! for ye have received your consolation. . . . And He lifted up His eyes on His disciples, and said, Blessed be ye poor: for yours is the Kingdom of God."—Luke 6:20, 24.

The Pastor began by declaring that his address was not intended to arouse class animosity. Although not rich, he could sympathize with the rich in their position, as well as with the poor in theirs. God, who is very rich, is able to sympathize with both classes. The Savior is also able, who being rich, for our sakes became poor, that through His poverty we might become rich in the truest sense. Some of God's faithful in the past were very rich—Abraham, for instance. Nevertheless, during this Gospel Age, not many great, rich or learned have been called to the blessing now offered. Its recipients have been chiefly the poor of this world, rich in faith.

The Master evidently included riches of wealth, honor, education, etc., in His statement. He implies that all now possessing any of these blessings will be more or less hindered from obtaining God's highest blessing, and more or less subject to woes. We are not to suppose that He meant that at death the rich would be thrown into everlasting torture. These woes appertain to the present life. At the close of the Jewish Age, this class experienced severe trials; and our Lord intimates that at the close of this Age the same class will have similar experiences.

Wrath to the Uttermost Upon Jews. Wrath came upon the Jewish people to the uttermost, in the End of their Age. (1 Thessalonians 2:16.) Those woes did not come to a future life. That tribulations come to all in the present life is undebatable. But the most terrible forebodings are associated with imaginary woes of the future life—quite contrary to Scripture. We are glad to set aside this nightmare of the Dark Ages.

The Jews, whom our Lord addressed, did not realize that they were living in the End of their Age, and that a great settlement was about to come. Similarly, we are living in the End of this Gospel Age, and a settlement is now due. Jesus foretold the crisis of the Jewish nation. His message gathered out from that nation all the Israelites indeed, and then the nation was given over to itself. The Divine Hand which had guided them loosed its hold; and human passions accomplished their overthrow in anarchy, which caused their downfall. A. D. 70.

So we understand that the End of this Age has come, and God is gathering His Elect. As soon as this is accomplished, God will permit mankind to wreck their present civilization. As the rich of Jesus' day suffered most keenly, so the rich will suffer most in the coming time of trouble.

Compensations in Nature. The Pastor then showed that both rich and poor have compensations. The rich have trials and perplexities that the poor know not of. They also have many more temptations to make them less likely to seek the priceless things of God's Kingdom. But we are not to understand that God is partial to the poor. He is choosing a special class, and the conditions surrounding the rich and great make them less susceptible to His message and to the cultivation of humility. The experiences of the poor are most favorable, apparently, to the cultivation of meekness, gentleness, patience and love—qualities God estimates greatly.

Some poor, however, instead of being drawn to God by poverty, cultivate a spirit of hatred, malice and strife. Such turn away from Him.

The class described by Jesus as "ye poor" are those hungering and thirsting after righteousness, who have become God's children. These may be rich or poor in the things of this world; but all that they have is consecrated to God, in order that they may become joint-heirs with Christ. Therefore, the esteem of men, while not ignored, must be secondary to the Lord and His Truth. All that this class may possess will be used to His glory, regardless of the fact that it will all be consumed in His service. The world knows not the followers of Jesus, even as it knew Him not.

HEROISM. Not in clanging fights and desperate marches only is heroism to be looked for, but on every railway bridge and fireproof building that is going up today. I took Foley Kidney Pills and they did the work and I am now entirely rid of kidney trouble." For sale by H. P. Dunn.—Adv. mwf

CERTIFICATE OF AMENDMENT OF ARTICLES OF INCORPORATION

The undersigned President and Secretary of Mahlum Lumber Company, a corporation, do hereby certify that at a special meeting of the stockholders of said corporation, held at its office in the City of Brainerd, Minnesota, on the 8th day of July 1913, at eleven o'clock in the forenoon, duly called for that expressly stated purpose, the following resolution was duly adopted by a majority vote of all the outstanding shares of said corporation:

RESOLVED, that Article III of the Articles of Incorporation of this corporation be amended to read as follows: ARTICLE III. The amount of the capital stock of this corporation shall be Two Hundred Fifty Thousand Dollars (\$250,000.00), divided into twenty-five hundred shares of One hundred dollars each, which shall be paid in at such times and in such manner as the Board of Directors shall require. One Hundred Twenty-five Thousand Dollars (\$125,000.00) thereof shall be common stock, and One Hundred Twenty-five Thousand Dollars (\$125,000.00) thereof shall be preferred stock. The preferred stock shall be entitled to receive out of the earnings of the corporation cumulative dividends at the rate of seven per cent per annum before any dividends shall be paid upon the common stock. The dividends on the preferred stock shall be payable quarterly on the first days of January, April, July and October in each year. In case of dissolution of the corporation, the holders of the preferred stock shall be entitled to receive, out of the assets of the corporation, the par value thereof and all accrued unpaid dividends, before any distribution to the holders of common stock. The preferred stock shall have no voting power, unless dividends thereon for one full year are in default, in which event it shall have equal voting power with the common stock. The Board of Directors of the corporation, on July 15, 1913, or any quarterly dividend date thereafter, may retire any share or shares of the preferred stock, upon payment to the holder thereof, at the place of business of the corporation at Brainerd, Minnesota, of One hundred three dollars (\$103.00) per share, and, in addition thereto, all accrued and unpaid dividends thereon. Notice of the proposed retirement of any share or shares shall be mailed to the holder thereof, according to his address shown on the books of the corporation, at least thirty days before the quarterly dividend date at which such stock is to be retired. If the address of any stockholder is not shown by the books of the corporation, one publication of the notice of retirement in a daily or weekly newspaper at Brainerd, Minnesota, at least thirty days before the quarterly dividend date on which retirement is to be effective, shall be sufficient notice to stockholders. Preferred stock so retired shall not be entitled to any dividends accruing after the date fixed for such retirement, provided the corporation is ready and able to pay the amount required to retire the same. The Board of Directors shall have power to give to any holder of common stock the privilege of exchanging the same, or any part thereof, for preferred stock, upon such terms and conditions as the Board of Directors shall prescribe.

In Witness Whereof, we have hereunto set our hands and the seal of said corporation this 8th day of July, 1913. MONS MAHLUM, President. A. T. FISHER, Secretary. In presence of: ANNA MAHLUM, EDWARD E. DARLING. State of Minnesota, County of Crow Wing, ss. On this 8th day of July, A. D. 1913, before me, a Notary Public within and for said County, personally appeared Mons Mahlum and A. T. Fisher, to me personally known, who, being by me first duly sworn, did depose and say that the said Mons Mahlum is the President and the said A. T. Fisher is the Secretary of Mahlum Lumber Company, a corporation; that the seal affixed to the foregoing instrument is the corporate seal of said corporation, and that said instrument was signed and sealed on behalf of said corporation by the authority of its Board of Directors; and said Mons Mahlum and A. The Food One Needs.

All over the world the amount of actual nutriment that a workingman needs is just about the same, whether he be mining in Siberia, engineering in Panama, planting in Brazil or farming in New England. This average has been found by a number of scientific investigators to be about four and one-half ounces of protein, sixteen ounces of carbohydrates and four and one-half ounces of fat for a man who does a moderate or average day's work. For a woman, about four-fifths of the above amount is required, while children, except in a few especially rapid growing stages, need even less than that.—New York American.

THE VICTOR.

Not to him who rashly dares, But to him who nobly bears, Is the victor's garland sure. —Whittier.

No person need hesitate to take Foley Kidney Pills on the ground that they know not what is in them. Foley & Co. guarantee them to be a pure curative medicine, specially prepared for kidney and bladder ailments and irregularities. They do not contain habit forming drugs. Try them. For sale by H. P. Dunn.—Adv. mwf

ANSWER THE CALL

Brainerd People Have Found That This Is Necessary

A cold, a strain, a sudden wrench. A little cause may hurt the kidneys.

Spells of backache often follow. Or some irregularity of the urine. A splendid remedy for such attacks. A medicine that has satisfied thousands.

Is Doan's Kidney Pills, a special kidney remedy.

Many Brainerd people rely on it. Here is Brainerd proof. Mrs. Alfred Towers, 416 First Ave., Brainerd, Minn., says: "My experience with Doan's Kidney Pills has been very satisfactory. Six years ago we first used the remedy and at that time it did such good work that we publicly endorsed it. Since then we have taken Doan's Kidney Pills when suffering from backache and other symptoms of kidney complaint and we have never failed to get relief. Our former statement still holds good."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan—and take no other.

MERCHANTS-CLERKS SPECIAL TRAIN

First Train Leaves for Merrifield Picnic 8 A. M. August 6, Second Train at 9:30

BRAINERD CITY BAND PLAYS

Brainerd Marching Club to March—General Chairman Dunn Preparing Speech

Latest bulletins from the Merchants-Clerks picnic arrangements transportation committee is to the effect that the special train has been secured from the Minnesota & International railway and the four coach train will leave the Brainerd depot Wednesday, August 6, at 8 A. M. and the second train at 9:30 A. M.

The Brainerd City band will accompany the excursionists. Before leaving they will give a concert at the depot.

The Brainerd Marching club intends to turn out. A parade will be formed when Merrifield is reached and the line of march for the band and the picnicers will be from the depot down Main street, thence east on Second two blocks to Parker street and thence to the ball grounds on the corner of 4th and Brockway drive. Guides will be at hand to show visitors through unplatted sections.

Merrifield is the largest town ten miles north of Brainerd. It is the most hospitable community in the northwest. It is working day and night to prepare for the reception of the people of Brainerd on August 6. Mayor Quinn Parker has the whole board of city officials mustering 10 hours a day on the job.

Merrifield is easy of access and it's easy to get out of town. Anyone missing the train will be able to use the well graded road of the M. & I. which gently meanders on a 10 per cent grade down hill to Brainerd.

In Brainerd, General Chairman H. P. Dunn is working on his speech and Demosthenes, Clay, Webster, Col. Johnson and M. E. Ryan and other orators of antiquity and the modern Elizabethan age will have to take a backseat when H. P. replies to Quinn Parker's address of welcome.

The Merrifield baseball team is training daily. In a recent game it defeated Ossipee by a 24 to 4 score. Sam Parker, of Brainerd, was rung in as a pinch hitter in the ninth inning and he chased in a quarter of a dozen runs. The batteries for Merrifield, Shorty Long and Quinn Parker; for Ossipee, Lougee and Stropp. Umpire, didn't stop to leave his name. Attendance, wild. Gate receipts, no gate up.

A Worker Appreciates This

Wm. Morris, a resident of Florence, Oregon, says: "For the last fourteen years my kidneys and bladder incapacitated me for all work. About eight months ago I began using Foley Kidney Pills, and they have done what other medicine failed to do, and now I am feeling fine. I recommend Foley Kidney Pills." For sale by H. P. Dunn.—Adv. mwf

BUSH AND SCOTT IN PITCHING DUEL

Chicago, July 17—Chicago won a pitching duel between Scott and Bush 5 to 2 today, making it two straight from the league leaders. After Philadelphia had tied the score by bunting hits by McNinn, Oldring and Barry, the locals came back strong and clinched the game by bunting singles by Schalk and Scott and a triple by Lord, coupled with Eddie Collins' fumble of Fournier's grounder and Bodie's sacrifice, thereby scoring four runs. President Comisky said he expected his new outfielder Chappelle to report for duty tomorrow.

Score: R. Phil. 0 0 0 0 0 1 0 1—2 Chicago 0 0 0 1 0 0 4 0—5

Batteries—Bush, Morey and Lapp; Scott and Schalk. Umpires, Egan and Dineen.

"THE RED DEVILS" PLAY BRAINERD

Colored Team of French Lick, Indiana, Own Their Park—They Are Touring Country

ARE A STRONG AGGREGATION

Carry Four Pitchers—Expect to be in Brainerd on August 1 to Cross Bats

"The Red Devils" of French Lick, Indiana, want to play Brainerd and will be in the city August 1 to cross bats with the locals. This is a colored team from Indiana's famous summer resort and claims to be one of the strongest aggregations of ball players in America.

James Norman is the manager. The team has money, owning their own ball park. Bingo DeMoses is the captain, S. G. Gordon booking agent, H. M. McLaughlin secretary. The lineup of players includes four pitchers, James Patton, Arthur L. Gilliard, James Lynch and H. Mack McLaughlin. Dan Kennard is catcher, Mike More first base, Bingo DeMoses second base, John Cunningham shortstop, James Norman third base, Henry Hannon right field, Joe Scollard (45) center field, Eddie Lee left field and S. S. Gordon utility.

I am told Brainerd is a good ball town," said the manager in a letter to Tom Considine, "and I would like two days in Brainerd. In the meantime expect our team on August 1."

As England Knows Us. There are many educated people in England who believe that Henry Clay makes the cigars that go by that name and confuse Daniel Webster with his namesake Noah Webster. The London Telegraph repeated the latter error quite recently.

A city magistrate had discharged a prisoner charged with a statutory offense under a recent act upon finding by the dictionary that the word used in the law did not cover the case. Commenting upon this, the London paper remarked:

"Webster when a lawyer got off many defendants, and his dictionary still continues the good work."

CORRUPTION.

Men are not corrupted by the exercise of power or debased by the habit of obedience, but by the exercise of a power which they believe to be illegitimate and by obedience to a rule which they consider to be usurped and oppressive.—De Tocqueville.

KILLED IN AN AUTO ACCIDENT

Otto J. Olson Thrown From Car in Montevideo While Turning a Corner at High Speed

DIES LATER IN THE HOSPITAL

Coroner's Inquest States That Concussion of the Brain Was the Cause of His Death

Otto J. Olson, aged 46, the son of Mrs. Hannah Olson of 811 Fir street died last night from injuries sustained in an automobile accident at Montevideo on July 16.

It is said that Olson was one of a party in a car being driven down the street in Montevideo, Harry Mettling being the owner of the auto. While about to cross the railway tracks an engine suddenly came out. The driver made a sharp turn to dodge the engine and Olson, unprepared for the movement, was thrown out, alighting on his head. He was taken to the hospital, where he died at two o'clock, never regaining consciousness after the fall.

At the coroner's inquest the jury stated that he had died from concussion of the brain and that no one was to blame for the accident.

Mr. Olson was the manager of the dry cleaning house in the Murphy block. He leaves a wife in Minneapolis and a brother in St. Paul. His mother resides in Brainerd. He leaves three other brothers and a sister, Mrs. A. F. Sorenson of Brainerd; Oscar H. Olson, an electrician of Virginia, Minn.; Henry A. Olson, a clerk in the M. & I. offices at Brainerd; Goodwin B. Olson, a jeweler of Minneapolis.

The funeral will be held Saturday afternoon at 2:30 from the Seventh Street Norwegian Lutheran church, Rev. M. L. Hostager officiating. Interment will be in Evergreen cemetery.

Hall-Dale

Wedding of J. T. Hale Jr., and Miss Caroline D. Hall at Deerwood on August 7

Invitations have been received here from Mr. and Mrs. William Chester White, of Milwaukee, Wis., now spending the summer at Deerwood, for the marriage of their niece, Miss Caroline D. Hall to James Tracy Hale, Jr., on Thursday, August 7, at Deerwood. The ceremony will be performed at 4 o'clock at Wyuka lodge.

Miss Hall is a graduate of Vassar college and Mr. Hale studied at Williams college, graduating in 1911. He is a son of Judge and Mrs. J. T. Hale of Deerwood and he and his bride will make their home in Minneapolis after October 1.

COMMISSIONERS PROCEEDINGS

Proceedings of the Board of County Commissioners, Meeting Held July 14th, 1913.

Board met at the court house at 10 o'clock a. m. with all members present. Minutes of the last meeting read and approved.

Attorney J. H. Long appeared on behalf of the petitioners for the incorporation of the village of Barrows, while Attorneys Wm. C. White, M. E. Ryan and Mal Clark represented various land owners and residents who objected to the petition. On motion the petition was referred to the county attorney until later in the day.

The following appropriations were made from the road and bridge fund to townships to aid in building roads: \$50.00 to Deerwood to be used between sections 9 and 12; \$100 to Nokay Lake between sections 15 and 16; \$100 to Smiley between sections 2 and 11 and 1 and 12; \$400 to Jenkins to help on bridge in section 10; \$100 to Mieson to be used on mail route in sections 35 and 26; \$50 to Watertown to improve the old railroad grade north of Cross Lake; \$100 to Roosevelt, \$50 to be used on center line of section 18 and \$50 between sections 5 and 8.

A letter from A. B. Wilson was read in regard to county agricultural agent stating that in addition to the money provided by the state and county it would be necessary to raise a fund of \$500 or \$600 to meet traveling expenses and suggested that a letter be written to the Commercial club of Brainerd.

Report of mining inspector August Swanson for year ending June 30th, 1913, was presented to the board. On motion same was approved and ordered placed on file. Following are some of the figures shown by said report: Number of mines operating 10, number of mines not in operation 2, number of inspections made 34, total average number of men employed 1327, average daily wages under ground \$2.36, average daily wages surface \$3.03, total tons of ore shipped 443,460, number of cubic yards of stripping removed 1,018,456, number of serious non-fatal accidents 6, number of fatal accidents 2.

Board adjourned until 2 o'clock p. m. All members present.

A delegation from Deerwood appeared and urged the board to proceed with the improvement of state highway No. 5 leading toward Bay lake. It was agreed this should be done at the earliest possible moment.

Benj. Fordyce and others of the town of Timothy asked that the county join with Cass county in opening up three miles on judicial highway on county line. The county board of Cass county were reached by phone and it was arranged to let a contract for the work on Saturday, August 2nd, on the ground where the work is to be done. Mr. Krech was appointed to act with the chairman as a committee to attend to the matter.

Application of John D. Gile for liquor license at Barrows was duly granted.

Application of J. C. Jamieson for transfer of his license at Julesburg to George Weber & Company was also granted.

Plat of Shore Acres located on the SW 1/4 NE 1/4 and NW 1/4 SE 1/4 section 13, township 46, range 29 was presented by the proprietor John H. Hill and on motion duly approved and ordered placed on file with the register of deeds.

Petition of Wm. Schlange and others for a new road in Bay Lake town was next taken up on final hearing. The report of the committee was read advising some changes in the route and recommending that the road be granted. On motion the report was approved but Attorney A. D. Polk, R. J. Maghan and others made such strenuous objection on account of damages that a motion was made and carried to adjourn the hearing until Thursday, July 24th, at 2 o'clock p. m. to take further testimony in the matter.

A committee from the city council of Brainerd and the board of education waited on the board to discuss plans for a roadway and sewer through the grade of the N. P. Ry. on 12th street. J. J. Tucker was appointed a committee to act with committee from the council to take up the question with R. R. officials at St. Paul.

Board adjourned until 7:30 p. m. All members present.

Petitions of Park Warden and Elizabeth T. Fleener freeholders in school district No. 23 asking to be set off into Dist. No. 71 were read and upon motion a hearing was ordered before the board on Tuesday, August 5th, at 2 o'clock p. m.

A motion was made and duly carried to set aside \$300 from the county revenue fund to the incidental fund to pay postage and express.

The sum of \$5,000 was also appropriated from the road and bridge fund to pay for labor on state highways.

A motion was made and duly carried requesting the judge of the district court to appoint a committee of 10 citizens of the county to act with the county board in arranging for needed additions to the court house and jail as outlined in the report of the grand jury. It was decided to purchase 100 tons of soft coal for the court house and jail for the coming winter, and Commissioner Poppenberg was authorized to look after changing of the grates in the furnace.

\$119,000 PAYDAY GREET'S BRAINERD

Stream of Golden Wealth Stirs the Wheels of Industry and Trade at the County Seat

M. & I. CONSTRUCTION WORK

Sawmill and Brickyard in Northeast Brainerd Help Swell the Figures on the Payroll

This month the total of the payrolls of the large industries of Brainerd equalled the figures of the month of June.

The payday at the Northern Pacific railway shops was \$67,000, being somewhat lower than for the month of July. The Minnesota & International railway payday for the system amounted to approximately \$38,000 and of this amount about half or \$19,000 is disbursed in Brainerd.

Railway construction work on the cutoff of the M. & I. railway extending from the Northern Pacific railway hospital to Leaks siding has resulted in a payday of \$10,000.

In Northeast Brainerd the sawmill managed by George Adcock and the Ebinger brickyard are doing their share to maintain prosperous conditions. The tile plant of the Northern Pacific railway situated in West Brainerd maintains its high payroll of \$3,000.

The figures below can be increased by adding the wages paid out for building construction in the city, and which include the labor employed on the Swedish Lutheran church, the Model Laundry Co. structure, and many residences. Cement sidewalks are being laid in the Cuyuna Range addition east of the shops. Much road work is being done near Brainerd.

The figures on the payday of the larger industries of Brainerd are:

N. P. Ry. shops	\$ 67,000
N. P. Ry. yards	1,700
N. P. Ry. freight office	1,100
N. P. Ry. tie plant	3,000
M. & I. Ry.	19,000
Parker & Topping foundry	10,000
Exploration work near city	5,000
M. & I. cutoff work	10,000
City employees, estimated	1,600
Brainerd Milling Co.	450
Ebinger brick yard	300

Total.....\$119,150

CHARY ON ENCORES

Brainerd City Band Plays Well, But Brainerd People are not Demonstrative

"Why aren't Brainerd people a little more demonstrative," said Billy Vernon. "Take the night of the last band concert. The streets were full of automobiles and the walks lined with pedestrians. The Brainerd City band played one of its finest programs, but do you think any of the audience would give the band a hand?"

What Mr. Vernon said is about correct. Applause is the only way to show your appreciation of the music. How do the boys who have rehearsed steadily know that their music catches the fancy of the people if not even a faint murmur of approval is heard.

Next time you are at the band concert and the band plays exceptionally well, get up enough enthusiasm to clap your hands. Go to Lake Harriet in the cities, go to any band in the country and they draw applause, but in Brainerd the audience regards the band with a critical eye and never once claps its hands.

True, we have no symphony orchestra handling high-brow stuff, but we have a band that has played its way into the hearts of the people of this section of the state. Let us not begrudge showing our approval in a positive way.

Elmer R. Hetting, business manager of the band, played his last concert with the organization Wednesday evening. He leaves for St. Paul to take up his new duties as factory inspector. "If there is one thing I hated to do," said Mr. Hetting, "it was giving up playing with the band. I will miss the boys."

BIG CIRCUS AT THE GRAND

The Feature Picture Film of the Hagenbeck Wallace Circus Shows Sensational Scenes

When the camera man set out to photograph the Hagenbeck Wallace show for the moving pictures, they soon realized that they had the most difficult subject yet offered them. It is comparatively boys play to photograph scenes and fake pictures in a lighted studio.

When one has the earth and dome of blue sky for the studio, with an ever varying light and scores of restless moving objects, including hundreds of horses, animals of every kind, acts of every variety, and costumes of every design, with a transformation scene, constantly in progress, considering all of these things, the success of the photographer in securing the excellent moving picture, which they did of the Hagenbeck Wallace show must be admitted to be marvelous.

The pictures of the Hagenbeck Wal-

"Webster when a lawyer got off many defendants, and his dictionary still continues the good work."

CORRUPTION.

Men are not corrupted by the exercise of power or debased by the habit of obedience, but by the exercise of a power which they believe to be illegitimate and by obedience to a rule which they consider to be usurped and oppressive.—De Tocqueville.

KILLED IN AN AUTO ACCIDENT

Otto J. Olson Thrown From Car in Montevideo While Turning a Corner at High Speed

DIES LATER IN THE HOSPITAL

Coroner's Inquest States That Concussion of the Brain Was the Cause of His Death

Otto J. Olson, aged 46, the son of Mrs. Hannah Olson of 811 Fir street died last night from injuries sustained in an automobile accident at Montevideo on July 16.

It is said that Olson was one of a party in a car being driven down the street in Montevideo, Harry Mettling being the owner of the auto. While about to cross the railway tracks an engine suddenly came out. The driver made a sharp turn to dodge the engine and Olson, unprepared for the movement, was thrown out, alighting on his head. He was taken to the hospital, where he died at two o'clock, never regaining consciousness after the fall.

At the coroner's inquest the jury stated that he had died from concussion of the brain and that no one was to blame for the accident.

Mr. Olson was the manager of the dry cleaning house in the Murphy block. He leaves a wife in Minneapolis and a brother in St. Paul. His mother resides in Brainerd. He leaves three other brothers and a sister, Mrs. A. F. Sorenson of Brainerd; Oscar H. Olson, an electrician of Virginia, Minn.; Henry A. Olson, a clerk in the M. & I. offices at Brainerd; Goodwin B. Olson, a jeweler of Minneapolis.

The funeral will be held Saturday afternoon at 2:30 from the Seventh Street Norwegian Lutheran church, Rev. M. L. Hostager officiating. Interment will be in Evergreen cemetery.

Hall-Dale

Wedding of J. T. Hale Jr. and Miss Caroline D. Hall at Deerwood on August 7

Invitations have been received here from Mr. and Mrs. William Chester White, of Milwaukee, Wis., now spending the summer at Deerwood, for the marriage of their niece, Miss Caroline Durand Hall to James Tracy Hale, Jr., on Thursday, August 7, at Deerwood. The ceremony will be performed at 4 o'clock at Wyuka lodge.

Miss Hall is a graduate of Vassar college and Mr. Hale studied at Williams college, graduating in 1911. He is a son of Judge and Mrs. J. T. Hale of Deerwood and he and his bride will make their home in Minneapolis after October 1.

BRAINERD INFANT BREAKS INTO PRINT

—Photo by Miss Marie Canan

MARIE LILLIAN HOFFBAUER

Using the Brainerd Daily Dispatch as a medium, Marie Lillian Hoffbauer, aged 19 months, the daughter of Mr. and Mrs. John A. Hoffbauer, has been photographed as she literally broke into print. The picture of "Toodles," as the little daughter of the Dispatch reporter has been nicknamed, has been shown in the Duluth Herald, Superior Telegram and other papers.

The Brilliant Stars of June

By the end of June, Mars, Venus, Saturn and Jupiter will all be morning stars, but Foley's Honey and Tar Compound is at all times the "Star" medicine for coughs, colds, croup and whooping cough. A cold in June is as apt to develop into bronchitis or pneumonia as at any other time, but not if Foley's Honey and Tar Compound is taken. For sale by H. P. Dunn.—Adv. mwf

SEALED BIDS

For laying of approximately 4000 feet, more or less, of 4 inch cast iron water mains in the City of Brainerd, Minn., according to specifications on file in the office of the Water & Light Board, No. 704 Laurel Street, will be received by the undersigned up to 6:00 o'clock P. M., July 18th, 1913. City to furnish all pipes and fittings.

The Board reserves the right to reject any or all bids.

WATER & LIGHT BOARD,
By Wm. Nelson,
Adv. 2416 Secretary.

COMMISSIONERS PROCEEDINGS

Proceedings of the Board of County Commissioners, Meeting Held July 14th, 1913.

Board met at the court house at 10 o'clock a. m. with all members present. Minutes of the last meeting read and approved.

Attorney J. H. Long appeared on behalf of the petitioners for the incorporation of the village of Barrows, while Attorneys Wm. C. White, M. E. Ryan and Mal Clark represented various land owners and residents who objected to the petition. On motion the petition was referred to the county attorney until later in the day.

The following appropriations were made from the road and bridge fund to townships to aid in building roads: \$50.00 to Deerwood to be used between sections 9 and 12; \$100 to Nokay Lake between sections 15 and 16; \$100 to Smiley between sections 2 and 11 and 1 and 12; \$400 to Jenkins to help on bridge in section 10; \$100 to Mission to be used on mail route in sections 35 and 26; \$50 to Watertown to improve the old railroad grade north of Cross Lake; \$100 to Roosevelt, \$50 to be used on center line of section 18 and \$50 between sections 5 and 8.

A letter from A. B. Wilson was read in regard to county agricultural agent stating that in addition to the money provided by the state and county it would be necessary to raise a fund of \$500 or \$600 to meet traveling expenses and suggested that a letter be written to the Commercial club of Brainerd.

Report of mining inspector August Swanson for year ending June 30th, 1913, was presented to the board. On motion same was approved and ordered placed on file. Following are some of the figures shown by said report: Number of mines operating 10, number of mines not in operation 2, number of inspections made 34, total average number of men employed 1327, average daily wages under ground \$2.56, average daily wages surface \$3.03, totals tons of ore shipped 443,460, number of cubic yards of stripping removed 1,018,456, number of serious non-fatal accidents 6, number of fatal accidents 2.

Board adjourned until 2 o'clock p. m. All members present.

A delegation from Deerwood appeared and urged the board to proceed with the improvement of state highway No. 5 leading toward Bay lake. It was agreed this should be done at the earliest possible moment.

Benj. Fordyce and others of the town of Timothy asked that the county join with Cass county in opening up three miles on judicial highway on county line. The county board of Cass county were reached by phone and it was arranged to let a contract for the work on Saturday, August 2nd, on the ground where the work is to be done. Mr. Krech was appointed to act with the chairman as a committee to attend to the matter.

Application of John D. Gile for liquor license at Barrows was also granted.

Application of J. C. Jamieson for transfer of his license at Julesburg to George Weber & Company was also granted.

Plat of Shore Acres located on the SW 1/4 NE 1/4 and NW 1/4 SE 1/4 section 13, township 46, range 29 was presented by the proprietor John H. Hill and on motion duly approved and ordered placed on file with the register of deeds.

Petition of Wm. Schlange and others for a new road in Bay Lake town was next taken up on final hearing. The report of the committee was read advising some changes in the route and recommending that the road be granted. On motion the report was approved but Attorney A. D. Polk, R. J. Maghan and others made such strenuous objection on account of damages that a motion was made and carried to adjourn the hearing until Thursday, July 24th, at 2 o'clock p. m. to take further testimony in the matter.

A committee from the city council of Brainerd and the board of education waited on the board to discuss plans for a roadway and sewer through the grade of the N. P. Ry. on 12th street. J. J. Tucker was appointed a committee to act with committee from the council to take up the question with R. R. officials at St. Paul.

Board adjourned until 7:30 p. m. All members present.

Petitions of Park Warden and Elizabeth T. Fleener freeholders in school district No. 23 asking to be set off into Dist. No. 71 were read and upon motion a hearing was ordered before the board on Tuesday, August 5th, at 2 o'clock p. m.

A motion was made and duly carried to set aside \$300 from the county revenue fund to the incidental fund to pay postage and express.

The sum of \$5,000 was also appropriated from the road and bridge fund to pay for labor on state highways.

A motion was made and duly carried requesting the judge of the district court to appoint a committee of 10 citizens of the county to act with the county board in arranging for needed additions to the court house and jail as outlined in the report of the grand jury. It was decided to purchase 100 tons of soft coal for the court house and jail for the coming winter, and Commissioner Poppenberg was authorized to look after changing of the grates in the furnace. F. C. Peabody, road overseer in

\$119,000 PAYDAY GREET'S BRAINERD

Stream of Golden Wealth Stirs the Wheels of Industry and Trade at the County Seat

M. & I. CONSTRUCTION WORK

Sawmill and Brickyard in Northeast Brainerd Help Swell the Figures on the Payroll

This month the total of the payrolls of the large industries of Brainerd equalled the figures of the month of June.

The payday at the Northern Pacific railway shops was \$67,000, being somewhat lower than for the month of July. The Minnesota & International railway payday for the system amounted to approximately \$38,000 and of this amount about half or \$19,000 is disbursed in Brainerd. Railway construction work on the cutoff of the M. & I. railway extending from the Northern Pacific railway hospital to Leaks siding has resulted in a payday of \$10,000.

In Northeast Brainerd the sawmill managed by George Adecock and the Ebinger brickyard are doing their share to maintain prosperous conditions. The tie plant of the Northern Pacific railway situated in West Brainerd maintains its high payroll of \$3,000.

The figures below can be increased by adding the wages paid out for building construction in the city, and which include the labor employed on the Swedish Lutheran church, the Model Laundry Co. structure, and many residences. Cement sidewalks are being laid in the Cuyuna Range addition east of the shops. Much road work is being done near Brainerd.

The figures on the payday of the larger industries of Brainerd are:

N. P. Ry. shops	\$ 67,000
N. P. Ry. yards	1,700
N. P. Ry. freight office	1,100
N. P. Ry. tie plant	3,000
M. & I. Ry.	19,000
Parker & Topping foundry	10,000
Exploration work near city	5,000
M. & I. cutoff work	10,000
City employes, estimated	1,600
Brainerd Milling Co.	450
Ebinger brick yard	300
Total	\$119,150

CHARY ON ENCORES

Brainerd City Band Plays Well, But Brainerd People are not Demonstrative

"Why aren't Brainerd people a little more demonstrative," said Billy Vernon. "Take the night of the last band concert. The streets were full of automobiles and the walks lined with pedestrians. The Brainerd City band played one of its finest programs, but do you think any of the audience would give the band a hand?"

What Mr. Vernon said is about correct. Applause is the only way to show your appreciation of the music. How do the boys who have rehearsed steadily know that their music catches the fancy of the people if not even a faint murmur of approval is heard.

Next time you are at the band concert and the band plays exceptionally well, get up enough enthusiasm to clap your hands. Go to Lake Harriett in the cities, go to any band in the country and they draw applause, but in Brainerd the audience regards the band with a critical eye and never once claps its hands.

True, we have no symphony orchestra handling high-brow stuff, but we have a band that has played its way into the hearts of the people of this section of the state. Let us not begrudge showing our approval in a positive way.

Elmer R. Hetting, business manager of the band, played his last concert with the organization Wednesday evening. He leaves for St. Paul to take up his new duties as factory inspector. "If there is one thing I hated to do," said Mr. Hetting, "it was giving up playing with the band. I will miss the boys."

BIG CIRCUS AT THE GRAND

The Feature Picture Film of the Hagenbeck Wallace Circus Shows Sensational Scenes

When the camera man set out to photograph the Hagenbeck Wallace show for the moving pictures, they soon realized that they had the most difficult subject yet offered them. It is comparatively boys play to photograph scenes and take pictures in a lighted studio.

When one has the earth and dome of blue sky for the studio, with an ever varying light and scores of restless moving objects, including hundreds of horses, animals of every kind, acts of every variety, and costumes of every design, with a transformation scene, constantly in progress, considering all of these things, the success of the photographer in securing the excellent moving picture, which they did of the Hagenbeck Wallace show must be admitted to be marvelous.

The pictures of the Hagenbeck Wal-

lace show animals are truly wonderful, and the spectator will notice the perfection of the art of photography, as it is demonstrated in the color of the animals shown in these pictures. It seems as if one could run their hands through the hair or the fur of the beasts.

This is the first time, these wonderful pictures have been shown here. There are four reels of them, and they include every phase of the big circus, from the arrival of the advance cars to the departure of the circus.

These pictures will be shown here Sunday, July 20 at the Grand theatre.

COMMISSIONERS PROCEEDINGS

(Continued from page 1)

township 135, range 27, reported that the grade at culvert across ditch No. 7 was washing badly and he was authorized to put in a cement retaining wall at the ends of the culvert.

The town board of Maple Grove made a report on bridge across the Nokay Seble in section 5 of that town and requested that the assistant state engineer prepare plans and estimates for a new bridge if the county would bear a part of the cost. On motion the engineer was directed to do this.

The auditor reported that the money in the ditch fund was hardly sufficient to pay principal and interest on state loans due this month and \$2000 was therefore transferred from the county revenue fund to the ditch fund until the October settlement.

The county auditor also reported balances in various county funds and presented estimates for the amount needed for the ensuing year. Whereupon a resolution was adopted fixing the levy as follows: For county revenue fund \$37,000, for road and bridge fund \$16,000, for bond interest fund \$3,400, for sinking fund \$4,000.

The petition for the incorporation of Barrows was again discussed at length and a motion was finally made and carried to not approve of the petition.

George H. Gardner presented a proposal to take an option for a lease for the iron ore on the county farm. He offered \$500 down for the privilege of exploring one year and to pay 25 cents per ton royalty on a minimum tonnage of 5000 tons for the first year, 10,000 tons the second year and 15,000 tons thereafter for a period of 47 years. On motion the proposal was rejected.

Bond of the First National bank of Deerwood in the sum of \$10,000 as county depository was presented and duly approved.

The following citizens of the county were certified to the court as a jury list to replace the names drawn for the May term:

J. F. SMART,
County Auditor.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Sympathy.
"Madam," said Plodding Pete, "I once had a wife and family, but I couldn't be contented, so I left home."
"Well, here's a chicken sandwich for you. Mighty few husbands are so considerate."—Chicago News.

If composition consumes
If composition, reading, physiology-hygiene, or civics do not require the full time, the remaining time may be used for the subjects that follow.

A fee of 50 cents will be required of each examinee. d2-w3

COMMISSIONERS PROCEEDINGS

(Continued from page 1)

township 135, range 27, reported that the grade at culvert across ditch No. 7 was washing badly and he was authorized to put in a cement retaining wall at the ends of the culvert.

The town board of Maple Grove made a report on bridge across the Nokay Sebie in section 5 of that town and requested that the assistant state engineer prepare plans and estimates for a new bridge if the county would bear a part of the cost. On motion the engineer was directed to do this.

The auditor reported that the money in the ditch fund was hardly sufficient to pay principal and interest on state loans due this month and \$2000 was therefore transferred from the county revenue fund to the ditch fund until the October settlement.

The county auditor also reported balances in various county funds and presented estimates for the amount needed for the ensuing year. Whereupon a resolution was adopted fixing the levy as follows: For county revenue fund \$37,000, for road and bridge fund \$16,000, for bond interest fund \$3,400, for sinking fund \$4,000.

The petition for the incorporation of Barrows was again discussed at length and a motion was finally made and carried to not approve of the petition.

George H. Gardner presented a proposal to take an option for a lease for the iron ore on the county farm. He offered \$500 down for the privilege of exploring one year and to pay 25 cents per ton royalty on a minimum tonnage of 5000 tons for the first year, 10,000 tons the second year and 15,000 tons thereafter for a period of 47 years. On motion the proposal was rejected.

Bond of the First National bank of Deerwood in the sum of \$10,000 as county depository was presented and duly approved.

The following citizens of the county were certified to the court as a jury list to replace the names drawn for the May term:

GRAND JURORS.

J. W. Fitzpatrick.
Ole Anderson
Millard Shannon.
M. K. Swartz.
F. W. Ford.
A. P. Fall.
H. J. Peterson.
J. A. Cochran.
G. W. Chadbourne.

J. F. SMART,
County Auditor.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Lunally Pills for constipation.

Sympathy.

"Madam," said Plodding Pete, "I once had a wife and family, but I couldn't be contented, so I left home." "Well, here's a chicken sandwich for you. Mighty few husbands are so considerate."—Chicago News.

THE Big Ben

Public Sale Opened With a Big Rush

Thursday morning, ten minutes after the doors were opened, Bye & Peterson's store was jammed full. No more people could get in until those ahead got through and passed out with their bundles. Hundreds of people came from far and near and carried home Big Bundles of Big Ben Bargains.

HUNDREDS OF BIG BUNDLES HAVE LEFT THE STORE
